### Today's Class

Technician has become an essential part of our training program. In the past 25 years of training diesel technicians I have never had a tool that allowed me to drill through my technician's skillsets so efficiently and easily, enabling me to see weak as well as under-confident areas. Training is fun for the techs and effective for the shop owner. While it is not a stand-alone ...

*AUTO: Today's Class  
Safety FINAL*

*Flashcards /  
Quizlet*

Automotive  
electrical horns  
operate on an  
electromagnetic  
principle that  
vibrates a  
diaphragm to pro-  
duce a warning  
signal. Th is  
vibration of the  
diaphragm is  
repeated several  
times per second.  
As the diaphragm  
vibrates it causes  
a column of air

that is in the horn  
to vibrate. Th e  
vibra- tion of the  
column of air  
produces the sound.
