What Every Leader Needs to Know Thomas Nelson Inc

It's time to get over your self! Written by a clinical psychologist and student of Eastern philosophy, this handy little guide offers a radical solution to anyone struggling with self-doubt, self-esteem, and self-defeating thoughts: "no-self help." By breaking free of your own self-limiting beliefs, you'll discover your infinite potential. There is an insidious, global identity theft occurring that has robbed people of their very recognition of their true selves. The culprit—indeed the mastermind of this crisis—has committed the inside job of creating and promoting the idea that we are all a separate self, which is the chief source of our daily distress and dissatisfaction. No more than a narrative of personhood pieced together from disparate neural activations, the self we believe ourselves to be in our own minds—although quite capable of being affirming, inspiring, and constructive—often spews forth a distressing flow of worry and second-guessing, blaming and shaming, regret and guilt. This book offers an antidote to this epidemic of stolen identity, isolation, and self-deprecation: no-self (a concept known in Buddhist philosophy as anatta or anatman). The No-Self Help Book turns the idea of self-improvement on its head, arguing that the key to well-being lies not in the relentless

pursuit of bettering one's self but in the recognition of the self as a false identity born in the mind. Rather than identifying with a small, relative sense of self, this book encourages you to embrace a liberating alternative—an expansive awareness that is flexible and open to experiencing life as an ongoing and ever-changing process, without attachment to personal outcomes or storylines. To help you make this leap from self to no-self, the book provides forty bite-sized chapters full of clever and inspiring insights based in positive psychology and non-duality—a philosophy that asserts there is no real separation between any of us. So, if you're tired of "self-help" and you're ready to explore who you are beyond the self, let The No-Self Help Book be your guide.

bestselling author, helps readers take the first steps to living a life that matters in INTENTIONAL LIVING. We all have a longing to be significant. We want to make a contribution, to be a part of something noble and purposeful. But many people wrongly believe significance is unattainable. They worry that it's too big for them to achieve. The good news is that none of those things is necessary for you to achieve significance and create a lasting legacy. The only thing you need to achieve significance is to be intentional. And to do that, all you need to do is start. You can't make an impact sitting still and doing nothing. Every major accomplishment that's ever been achieved started with a first step. Sometimes it's hard; other times it's easy, but no matter what, you have to do it if you want to get anywhere in life. In INTENTIONAL LIVING, John Maxwell will help you take that first step, and the ones that follow, on your personal path through a life that matters.
