El TODO es lo contrario de la NADA. La Nada es un lugar aterrador. Un lugar sin sentido, sin conexión con el verdadero ser humano, sin vida auténtica, sin amor real. Un lugar del que sólo es posible huir. El Todo es un lugar donde todas las cosas tienen consistencia, un espacio de paz y armonía donde no existe el miedo, porque todo es parte de uno y del mismo Todo. El Todo es la existencia común a todos nosotros, es nuestra voz interior, es lo escrito entre líneas. El Todo es lo que oímos cuando nos olvidamos de nosotros mismos y escuchamos de verdad. ¿De dónde viene la verdad? ¿La promesa y la libertad son justificables? ¿Las buenas intenciones bastan en situaciones difíciles?

Laura Esquivel's debut novel Como agua para chocolate took the literary World by storm with its unique yet familiar story of love and longing on the Mexican border during the perilous times of the Mexican Revolution. This author's narrative, seeped in magic and peppered with Mexico's culinary customs, was quickly taken to the silver screen where Tita and Pedro's forbidden relationship would captivate audiences not only in its native country, but around the globe - cementing Equivel's name within the ever-growing canon of Latin American women writers. Nathaniel Gardner introduces the reader to both the novel and the film version of Como agua para chocolate and examines not only key themes, such as rebellion and tradition, but also its style and main characters. This narrative's acclaimed use of food and other gastronomic elements are taken into consideration as well as the significance of magic realism to this text. As this novel/film combination follow each other in an unusually close manner, the first part analyses many of the components the two share while the second part of this study emphasizes the cinematic mechanisms that are unique to this particular presentation of Esquivel's most widely-studied creation to date.

Bezimena PLAZA & JAN É S

A prescient political and psychological thriller ripped from tomorrow's headlines, by one of Germany's most celebrated contemporary novelists A few short years from now, the world is an even more uncertain place than it is today, and politics everywhere is marching rightward:

Trump is gone, but Brexit is complete, as is Frexit. There's a global financial crisis, armed conflict, and mass migration, and an ultrapopulist movement governs in Germany. With their democracy facing the wrecking ball, most well-off Germans turn inward, focusing on their own lives. Britta, a wife, mother, and successful businesswoman, ignores the daily news and concentrates on her family and her work running a clinic specializing in suicide prevention. But her legitimate business is connected to a secret and far more lucrative operation known as The Bridge, an outfit that supplies terrorist organizations looking to employ suicide bombers. Using a complex candidate-identifying algorithm designed by Babak, a brilliant programmer and Britta's only employee, The Bridge has effectively cornered the market, and terrorism never takes place without Britta's services—which is why news of a thwarted suicide attack in Leipzig comes as a shock. Then The Bridge's database is stolen, driving Britta, Babak, and their latest recruit into hiding. On their heels is a new terrorist organization called the Empty Hearts, a group unlike any Britta and Babak have encountered before. Part suspenseful thriller, part wickedly effective social satire, Empty Hearts is a novel for our times, examining urgent questions of morality, politics, and culture and presenting a startling vision of a future where empathy is a thing of the past.
