Witchful Thinking W. W. Norton & Company  
A remarkable account of a wildly artistic life, finally restored to its unexpurgated form, with a revealing new introduction by Joan Acocella. The visionary choreographer and dancer Isadora Duncan (1877 – 1927) not only revolutionized dance in the twentieth century but blazed a path for other visionaries who would follow in her wake. While many biographies have explored Duncan ’ s crucial role as

one of the founders of modern dance, no other book has proved as critical—as both historical record and vivid evocation of a riveting life—as her autobiography. From her early enchantment with classical music and poetry to her great successes abroad, to her sensational love affairs and headline-grabbing personal tragedies, Duncan ’ s story is a dramatic one. My Life still stands alone as “ a great document, revealing the truth of her life as she understood it, without reticence or apology or compromise ” (New York Herald Tribune). Now, in this fully restored edition, with its risqué recollections and fervent idealism, My Life can be appreciated by a new generation.

"Duncan Phyfe (1770-1854), known during his lifetime as the "United States Rage," to this day remains America's best-known cabinetmaker. Establishing his reputation as a purveyor of luxury by designing high-quality furniture for New York's moneyed elite, Phyfe would come to count among

his clients some of the nation's wealthiest and most storied families. This richly illustrated volume covers the full chronological sweep of the craftsman's distinguished career, from his earliest furniture-- which bears the influence of his 18th-century British predecessors Thomas Sheraton and Thomas Hope--to his late simplified designs in the Grecian Plain. More than sixty works by Phyfe and his workshop are highlighted, including rarely seen pieces from private collections and several newly discovered documented works. Additionally, essays by leading scholars bring to light new information on Phyfe's life, his workshop production, and his roster of illustrious patrons. As the visual representation of an essentially oral text, Sylvia Huot points out, the medieval illuminated manuscript has a theatrical, performative quality. She perceives the tension between implied oral performance and real visual artifact as a fundamental aspect of thirteenth- and fourteenth-century poetics. In this

generously illustrated volume, Huot examines manuscript texts both from the performance-oriented lyric tradition of chanson courtoise, or courtly love lyric, and from the self-consciously literary tradition of Old French narrative poetry. She demonstrates that the evolution of the lyrical romance and dit, narrative poems which incorporate thematic and rhetorical elements of the lyric, was responsible for a progressive redefinition of lyric poetry as a written medium and the emergence of an explicitly written literary tradition uniting lyric and narrative poetics. Huot first investigates the nature of the vernacular book in the thirteenth and fourteenth centuries, analyzing organization, page layout, rubrication, and illumination in a series of manuscripts. She then describes the relationship between poetics and manuscript format in specific texts, including works by widely read medieval authors such as Guillaume de Lorris, Jean de Meun, and Guillaume de Machaut,

as well as by lesser-known writers including Nicole de Margival and Watriquet de Couvin. Huot focuses on the writers' characteristic modifications of lyric poetics; their use of writing and performance as theme; their treatment of the poet as singer or writer; and of the lady as implied reader or listener; and the ways in which these features of the text were elaborated by scribes and illuminators. Her readings reveal how medieval poets and book-makers conceived their common project, and how they distinguished their respective roles.
