TOMTOM START USER MANUAL Pdf Download | ManualsLib

When you first start your TomTom navigation device, the device may need a few minutes to determine your GPS position and show your current position on the map. In future, your position will be found much faster, usually within a few seconds. To ensure good GPS reception, you should use your device outdoors and keep your device upright.

TomTom Start 25

3. Choose the best smooth location, on your windscreen or side window, to mount your TomTom START. Tip: If the mount is integrated into your START, you can easily change the rotation of your device. Release the mount from the START using the thumb indent. Turn the mount around and clip it back onto the device until you hear it click. 4. Make ...
