A classic from the New York Times bestselling author of The Things They Carried "One of the best, most disturbing, and most powerful books about the shame that was / is Vietnam." —Minneapolis Star and Tribune Before writing his award-winning Going After Cacciato, Tim O'Brien gave us this intensely personal account of his year as a

foot soldier in Vietnam. The author takes us with him to experience combat from behind an infantryman's rifle, to walk the minefields of My Lai, to crawl into the ghostly tunnels, and to explore the ambiguities of manhood and morality in a war gone terribly wrong. Beautifully written and searingly heartfelt, *If I Die in a Combat Zone* is a masterwork of its genre. Now with Extra Libris material, including a reader's guide and bonus content.

In late November 1944, after 71 days on the line in Holland, the 506th PIR was withdrawn having suffered heavy losses during Operation Market Garden, and each paratrooper was looking forward to three months rest, recuperation, and restructuring. However, this was not to be. On December 16, 1944, the Germans launched a huge offensive. The Battle of the Bulge had begun and the 101st Airborne were deployed to halt the German onslaught in the most incredible chapter of their wartime experiences. Bitter fighting in dreadful conditions saw the Third Battalion 506th PIR reduced to the size of a company before its eventual relief on January 17. The division as a whole was awarded a Unit Citation for its heroic defense of Bastogne — a first in the history of the US armed forces. With little time to recuperate, the battalion

then fought on across Europe, taking part in the reduction of the Colmar Pocket, the Ruhr Pocket, and assisted in the liberation of several concentration camps in Germany. The Third Battalion finished the war occupying Hitler's mountain retreat of Berchtesgaden, held on readiness for deployment to the Pacific until Hiroshima and Nagasaki precipitated the Japanese surrender. Based on extensive interviews and first-hand accounts, and with the support of Ed Shames and other veterans, *No Victory in Valhalla* is the final dramatic part of the combat story of the Third Battalion 506th PIR. Using the words of "Screaming Eagles †? themselves, it gives the reader a frank portrayal of the realities of the toughest fighting of World War II.

"*If I Die Tonight*" is a collection of stories and poems written in a cool Caribbean island setting. But the book - which takes its title from one of the poems - has as its common thread, a moving spirit that is both unsettled and unsettling in the characters and moods coursing through its pages. As such, elements keep shifting from mischievous to defiant to revengeful to amusing to bizarre to pathetic to cynical to confident to vulgar to reckless to, perhaps, always tragic. In a simple style, the writer attempts to explore some complex aspects of human behavior in the small island environment as a window to man on the world stage.

'Inside every living person is a dead person waiting to get out.' Death has been fired by the Auditors of Reality for the heinous crime of developing . . . a personality. Sent to live like everyone else, Death takes a new name and begins working as a farmhand. He's got the scythe already, after all. And for humanity, Death is just . . . gone. Which leads to the kind of chaos you always get when an important public service is withdrawn. If Death doesn't come for you, then what are you supposed to do in the meantime? You can't have the undead wandering about like lost souls - there's no telling what might happen. Particularly when they discover that life really is only for the living . .

This follow-up to *Tonight We Die As Men* continues the story of the 506 Parachute Infantry Regiment of the 101st Airborne Division as they dropped into Holland as part of Operation Market Garden. The following 72-day campaign saw the 506PIR constantly on the move, defending various transport hubs around Eindhoven, desperately trying to keep open 'Hell's Highway'. From there, the airborne troopers moved north to near Arnhem where they took a new position around Betuwe. For two months, the Americans battled

against German tanks, constant artillery barrages and driving rain and they grimly held their ground, until the Germans finally abandoned the effort. Written with the help and input from numerous veterans, this book tells the complete story of many of America's best soldiers as they fought and died in Holland.

Ballads ; Men's Wives Bloomsbury Publishing Following on from the success of Ian Gardner's critically acclaimed trilogy on the exploits of the 3rd Battalion, 506th Parachute Infantry Regiment, 101st Airborne Division in World War II, *Sent by the Iron Sky* tells their exhilarating story for a new readership. From the moment they entered the war in June, 1944, the men of 3rd Battalion were faced with brutal fighting against horrendous odds. Later in the year, nearly five months in combat with no relief lead to

heavy losses that reduced them to the size of a company. Their heroic defence of Bastogne saw their division awarded a Unit Citation, a first in the history of the US armed forces, and they subsequently fought on across Europe, finishing the war occupying Hitler's mountain retreat of Berchtesgaden. Drawing on years of research and interviews with veterans of some of the toughest battles of World War II, together with maps and over 200 vintage images, Ian Gardner brings to life some of the most bitter fighting of the war in Europe, laying bare the horrors of war, the deprivations of day-to-day living and the chaos of the front line. Additional material includes a chapter on the fate of the men captured in Normandy and a foreword by Lee Wolverton, the grandson of the commander of 3rd Battalion, Col Robert Wolverton. *The End of Men* Pen and

Michael Koryta's
Tonight I Said Goodbye
marks the emergence of
a stunning new voice
in crime fiction. With
its edge-of-your-seat
pacing, finely drawn
characters, and rock-
solid prose, Tonight I
Said Goodbye would
seem to be the work of
a grizzled pro; the
fact that the author
is just twenty-one
years old makes it all
the more amazing.
Investigator Wayne

of an apparent suicide
in his home in an
upscale Cleveland

and six-year-old
daughter are missing.
Weston's father
insists that private
investigators Lincoln
Perry and Joe
Pritchard take the
case to exonerate his
son and find his
granddaughter and
daughter-in-law. As
they begin to work
they discover there is
much more to the
situation than has
been described in the
prevalent media
reports. There are

rumors of gambling
debts and extortion,
and a group of Russians
with ties to organized
crime who don't
appreciate being
investigated--a point
they make clear with
baseball bats. With
some assistance from
newspaper reporter Amy
Ambrose, Perry and
Pritchard believe they
are making swift
progress. But then they
are warned off the
investigation by a
millionaire real estate
tycoon and the FBI.
Just when they feel
they are closing in on
a possible source of
answers, another murder
forces them to change
direction in the case.
Perry travels to a
resort town in South

finds more than one
game being played, and
all of them are deadly.
The stakes quickly
become very personal
for Perry, and it's
clear that there will
be no walking away from
this case. In a debut
that has already
garnered praise from
some of today's top

by Martin Bowman,
in a narrative that

features both extensive historical notes as well as deeply personal accounts of endurance and individual gallantry. This amplified account of events as they unfolded in the skies above France on D-Day (5/6 and 6/7 June, 1944) reveals the invaluable contribution these workhorses of World War II made to the overall success in Normandy. It follows the author's comprehensive five part work published by Pen & Sword (Air War D-Day) that included a multitude of personal military accounts from both Allied and German personnel who took part in Operation 'Overlord' and the Normandy campaign. *Tonight, We Wrestle* Lake Union Publishing The exploits of the 3rd Battalion, 506th Parachute Infantry Regiment have long

been overshadowed by those of Easy Company, 2nd Battalion. Yet the actions of the 3rd Battalion during the D-Day landings were every bit as incredible. This is the astounding story of how, after suffering many immediate casualties on landing, the surviving paratroopers fought on towards their objective against horrendous odds. Using fascinating first-hand accounts of the soldiers and the French civilians who witnessed the Normandy campaign, and illustrated with black and white photographs and maps throughout, the authors offer a unique and comprehensive account of the experiences of the 3rd Battalion from training through to D-Day and beyond. **Airborne** Random House "Anthem" is a novel by the brilliant American writer Ayn Rand. Born and educated in Russia, Rand emigrated to the United States in 1926. Having

anticipated the dangers of communism, Rand developed a philosophical system she called objectivism. According to her system, as opposed to communist collectivism, human individuality, freedom, and talent are proclaimed the biggest good. In "Anthem," Rand describes a dystopian society where the concept of individuality is eliminated. The novel tells about the young man known as Equality 7-2521, who rebels by doing secret scientific research, which the government forbade. When his activity is discovered, he flees into the wilderness with the girl he loves. Together they plan to establish a new society based on rediscovered individualism. *Unity* Bloomsbury Publishing "I had a real romance with this book." —Miranda July A highly anticipated collection, from the writer Maggie Nelson has called, "bracingly good...refreshing and

welcome," that explores the myriad ways in which desire and commodification intersect. From graffiti gangs and Grand Theft Auto to sugar daddies, Schopenhauer, and a deadly game of Russian roulette, in these essays, Chelsea Hodson probes her own desires to examine where the physical and the proprietary collide. She asks what our privacy, our intimacy, and our own bodies are worth in the increasingly digital world of liking, linking, and sharing. Starting with Hodson's own work experience, which ranges from the mundane to the bizarre—including modeling and working on a NASA Mars mission—Hodson expands outward, looking at the ways in which the human will submits, whether in the marketplace or in a relationship. Both tender and jarring, this collection is relevant to anyone who's ever searched for what the self is worth. Hodson's accumulation within each piece is purposeful, and her prose vivid, clear, and sometimes even shocking, as she explores the wonderful and strange forms of

desire. Tonight I'm Someone Else is a fresh, poetic debut from an exciting emerging voice, in which Hodson asks, "How much can a body endure?" And the resounding answer: "Almost everything." *Deliver Us From Darkness* Pen and Sword Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife. *If I Die* Xlibris Corporation "The End of Men is a fiercely intelligent page-turner, an eerily prescient novel, at once thoughtful and highly emotive." --Paula Hawkins, #1 internationally bestselling author of *The Girl on the Train* Set in a world where a virus stalks our male population, *The End of Men* is an electrifying and unforgettable debut from a remarkable new talent that asks: what would our world truly look like without men? Only

men carry the virus. Only women can save us all. The year is 2025, and a mysterious virus has broken out in Scotland--a lethal illness that seems to affect only men. When Dr. Amanda MacLean reports this phenomenon, she is dismissed as hysterical. By the time her warning is heeded, it is too late. The virus becomes a global pandemic--and a political one. The victims are all men. The world becomes alien--a women's world. What follows is the immersive account of the women who have been left to deal with the virus's consequences, told through first-person narratives. Dr. MacLean; Catherine, a social historian determined to document the human stories behind the "male plague"; intelligence analyst Dawn, tasked with helping the government forge a new society; and Elizabeth, one of many scientists desperately working to develop a vaccine. Through these women and others, we see the uncountable ways the absence of men has changed society, from the personal--the loss of husbands and sons--to the

political--the changes in the workforce, fertility, and the meaning of family. In *The End of Men*, Christina Sweeney-Baird turns the unimaginable into the unforgettable. *Tonight I Said Goodbye* Page Street YA

A retired U.S. Army Master Parachutist, strategist, and military historian analyzes the actions of one German special forces group during World War II. In June 1944, Allied forces fighting desperately to establish a foothold in Normandy and then breakout of the confining bocage found themselves opposed by a bewildering array of formations of the German Wehrmacht. Among them were the newly formed German II Parachute Corps. This gripping new account examines the exploits of Germany's II Parachute Corps and its commander,

Eugen Meindl, from the Allied invasion on June 6 to the end of August 1944. Meindl was the epitome of the senior German airborne commander in the Second World War. Tough, experienced, and aggressive, he cared deeply for his troops. His Parachute Corps fought stubbornly for three weeks, before being forced to fall back. Trapped along with the bulk of the German Seventh Army in the Falaise pocket, Meindl and his paratroopers maintained their discipline and were selected by the Commander in Chief of OB West to lead the German breakout to the east. That they managed to do so, despite suffering grievous losses, while so many around them died or surrendered, is a testament to their dedication and fighting ability.

Theirs is a story that deserves to be told.

We Will All Die Tonight, Prepare Your Men Bloomsbury Publishing

We Will All Die Tonight is a real personal account of combat as seen through the eyes of a chaplain during the Vietnam conflict. Personal fears, doubts, thoughts, and actions are seen through his eyes in the hopes of helping others understand the combat experience. The story title comes from a night amidst fifty days of rocket attacks endured by the 299th engineer battalion in Dak To, Vietnam, during which forty percent of the men were either killed or injured. On one particular night, our battalion commander called all of his officers together and announced that we would all be killed on the same night. Our 500 men were surrounded by a known 5000 Viet Cong positioned to attack us within five miles of our compound. The

story unfolds to show that an unexplained outcome by the army was really a testament of God's deliverance. The chaplain's wife, Faith, writes a chapter telling what it was like to be left home alone and wondering.

A hard-hitting history of the U.S. airborne unit who made a name for themselves in the unforgiving jungles of South Vietnam. "It was easier killing than living." Third Battalion 506th Airborne veteran Drawing on interviews with veterans, many of whom have never gone on the record before, Ian Gardner follows up his epic trilogy about the 506th Parachute Infantry Regiment in World War II with the story of the unit's reactivation at the height of the Vietnam War. This is the dramatic history of a band of brothers who served together in Vietnam and who lived up to the

reputation of their World War II forefathers. Brigadier General Salve Matheson's idea was to create an 800-strong battalion of airborne volunteers in the same legendary "Currahee" spirit that had defined the volunteers of 1942. The man he chose to lead them was John Geraci, who would mold this young brotherhood into a highly cohesive and motivated force. In December 1967, the battalion was sent into the Central Highlands of Lam Dong Province. Geraci and his men began their Search and Destroy patrols, which coincided with the North Vietnamese build-up to the Tet Offensive and was a brutal introduction to the reality of a dirty, bloody war. Gardner reveals how it was here that the tenacious volunteers made their mark, just like their predecessors had done in Normandy, and the battalion was ultimately awarded a Valorous Unit

Citation. This book shows how and why this unit was deserving of that award, recounting their daily sanguinary struggle in the face of a hostile environment and a determined enemy. Through countless interviews and rare personal photographs, Sign Here for Sacrifice shows the action, leadership, humor and bravery displayed by these airborne warriors.

From the bestselling author of *Burying the Honeysuckle Girls* comes a riveting novel about a mother and daughter separated by grief, secrets, and a conspiracy that threatens to destroy their lives. If there's a healthy way to grieve, Erin Gaines hasn't found it. After her husband's sudden death, the runaway success of the tech company they built with their best friends has become overwhelming. Her nerves are frayed, she's disengaged, and her frustrated daughter, Shorie, is

pulling away from her. Maybe Erin's friends and family are right. Maybe a few weeks at a spa resort in the Caribbean islands is just what she needs to hit the reset button... Shorie is not only worried about her mother's mental state but also for the future of her parents' company. Especially when she begins to suspect that not all of Erin's colleagues can be trusted. It seems someone is spinning an intricate web of deception--the foundation for a conspiracy that is putting everything, and everyone she loves, at risk. And she may be the only one who can stop it. Now, thousands of miles away in a remote, and oftentimes menacing, tropical jungle, Erin is beginning to have similar fears. Things at the resort aren't exactly how the brochure described, and unless she's losing her mind, Erin's pretty sure she wasn't sent there to recover--she was sent to disappear.
