Secondary vocational-technical education programs in Mississippi are faced with many challenges resulting from sweeping educational reforms at the national and state levels. Schools and teachers are increasingly being held accountable for providing true learning activities to every student in the classroom. This accountability is measured through increased requirements for mastery and attainment of competency as documented through both formative and summative assessments. The courses in this document reflect the statutory requirements as found in Section 37-3-49, Mississippi Code of 1972, as amended (Section 37-3-46). In addition, this curriculum reflects guidelines imposed by federal and state mandates (Laws, 1988, ch. 487, Section 14; Laws, 1991, ch. 423, Section 1; Laws, 1992, ch. 519, Section 4 effective from and after July 1, 1992; Carl D. #### Small Engines and Outdoor Power Equipment, Updated 2nd Edition

This small paperback book contains seven short stories about me and my experiences with several yard and household tools. It is meant to be light hearted and easy to read. It will become part of a series of short books intended for the middle-aged adult who does not read much. Hopefully wives or partners will buy this for Fathers Day, birthdays and Seasonal gift giving. This book will make a great Stocking-Stuffer. The stories are about a snow blower, a chainsaw, a leaf blower, a lawnmower, a set of bicycle tools, a motorcycle and a dog hair trimmer. I'm not the most effective tool user, but I know I cannot be judged by the size of my tool, only how well I use it. Well now it just takes me a little longer to get the job done. I hope you can relate to these tool experiences. Answer that age old question of why men buy tools. "You are not a tool if you read this book", Vern Bignell.
