Property West Academic Publishing

Throughout the book, there is extensive information about the law and practice of other mostly civil-law countries that provides an opportunity for instructive comparative discussion. One chapter is devoted to international conflict, and another chapter is focused on conflict in cyberspace.

The Law of Contract Oxford University Press, USA
Tort Law: A Modern Perspective is an advanced yet accessible introduction to tort law for lawyers, law students, and others. Reflecting the way tort law is taught today, it explains the cases and legal doctrines commonly found in casebooks using modern ideas about public policy, economics, and philosophy. With an emphasis on policy rationales, Tort Law encourages readers to think critically about the justifications for legal doctrines. Although the topic of torts is specific, the conceptual approach should pay dividends to those who are interested broadly in regulatory policy and the role of law. Incorporating three decades of advancements in tort scholarship, Tort Law is the textbook for modern torts classrooms.

The Fundamentals of Contract Law and Clauses Aspen Publishers
"This Understanding treatise is the perfect complement to first-year tort courses and is suitable for use with any tort casebook. Concise and authoritative, Understanding Torts features comprehensive and up-to-date coverage of intentional torts, privileges, negligence, cause-in-fact, proximate cause, defenses, joint and several liability, damages, strict liability, products liability, economic torts, malicious prosecution, abuse of process, defamation, and invasion of privacy; judicious use of footnotes to provide full, but not overwhelming, primary and secondary support for textual propositions; clear organization and writing to enhance understanding of basic concepts and major cases covered in a torts course; and in-depth analysis of topics that generate the greatest confusion and controversy. This edition includes explanation and analysis of new Restatement (Third) Intentional Tort provisions including battery, assault, false imprisonment, and transferred intent as well as proposed new Intentional Economic Tort provisions. The text also includes United States Supreme Court developments limiting punitive damages and other new case law"--

Employment Discrimination Law West Academic Publishing
Updated to reflect changing trends and new judicial developments,

Corporations: Law and Policy, Materials and Problems exposes students to the richness and complexity of corporate law, with carefully crafted and painstakingly edited cases. The book's organization reflects the growing importance, doctrinally and structurally, of the business judgment rule. Each chapter includes a problem for class discussion, many of which place students in the role of corporate planners and allow instructors to highlight the real-world impact of doctrinal uncertainty concerning the scope of the director's duty of care. The fifth edition includes updated emphasis on the corporation as a set of rules meant to resolve intra-corporate conflicts and protect investor/creditor expectations. The book also provides expanded treatment of the role of institutional shareholders and outside directors in corporate governance; the debate surrounding state-chartering competition and the prominence of Delaware in U.S. corporate law; the duties of controlling shareholders; and SEC rules and Sarbanes-Oxley provisions affecting corporate disclosures and insider-trading duties.

Tort Law: Text and Materials Aspen Publishers

Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on

Problems in Contract Law West Publishing Company

The fifth edition of Lunney and Oliphant's market-leading tort law text provides a complete, authoritative guide to the subject. The book combines clear overviews of the law with well-chosen extracts from cases and materials supported by insightful commentary.

Contracts West Academic Publishing

This supplement brings the principal text current with recent developments in the law.

Cases and Materials on Torts Aspen Publishers

The publication of *Scholars of Tort Law* marks the beginning of a long overdue rebalancing of private law scholarship.

Instead of concentrating on judicial decisions and academic commentary only for what that commentary says about judicial decisions, the book explores the contributions of scholars of tort law in their own right. The work of a selection of leading scholars of tort law from across the common law world, ranging from Thomas Cooley (1824–1898) to Patrick Atiyah (1931–2018), is addressed by eminent current scholars in the field. The focus of the contributions is on the nature of the work produced by each of the scholars in question, important influences on their work, and the influence which that work in turn had on thinking about tort law. The process of subjecting tort law scholarship to sustained analysis provides new insights into the intellectual development of tort law and reveals the important role played by scholars in that development. By focusing on the work of influential tort scholars, the book serves to emphasise the importance of legal scholarship to the development of the common law more generally.

Antitrust Law and Trade Regulation, Cases and Materials

Claitor's Pub Division

This casebook for law students presents a variety of cases and materials that reflect the alternative visions of tort law as they developed in the 19th and 20th centuries. Organized into 22 chapters, the cases illustrate such topics as proof of negligence, multiple tortfeasors, affirmative duties, modern products liability law, and economic harms. Tort liability in cyberspace--including trespass to chattels, conversion, and defamation--is given extensive treatment in the eighth edition. Editor Epstein teaches law at the U. of Chicago. Annotation : 2004 Book News, Inc., Portland, OR (booknews.com).

Torts West Academic Publishing

Contract: Cases and Materials, 13th Edition, continues to be the leading casebook for students of contract law in Australia.

Cases and Materials on the Law and Policy of Sentencing and Corrections, 2008 Supplement West Academic Publishing

Hardbound - New, hardbound print book.

Control of Government Action Cambridge University Press

Concisely covers this complex subject matter with an emphasis on the lawyer's process. Decisions were picked and edited to build on first-year courses in contracts, torts,

civil procedure, property, and constitutional law. Text also develops the differing measures of contract and tort damages and the availability of punitive damages for torts.

Torts Stories Aspen Publishers

This edition of the book offers a comprehensive re-thinking of antitrust law, approaching competition problems in the market from a functional standpoint. The book has roots in prior editions, but it really offers a top-to-bottom reconsideration of how best to present modern issues in antitrust. After a brief introduction to the origins and objectives of antitrust law, the book launches the study of the field with a chapter on the concept of market power and the meaning of competition--building blocks that are essential to understanding everything else that follows in the course. It then devotes three chapters to the primary kinds of antitrust issues that arise from marketplace conduct: horizontal agreements among competitors, vertical distribution agreements, and exclusionary practices (whether done by a single firm or a group). Because of their importance to the economy, as well as to antitrust practice, mergers have their own chapter, which provides not only the important judicial opinions in this area, but also extensive materials from the Department of Justice and the Federal Trade Commission, the primary regulators of merger activity. The book then turns to two specialized issues that are of growing importance: the way in which U.S. antitrust laws operate in the global economy, and an innovative new chapter on intellectual property, technology, and platforms. It concludes with a chapter discussing the legal boundaries around the field of antitrust, including exemptions and immunities, and a chapter on the institutional framework for enforcement--the framework that translates words on a page into reality on the ground. The Seventh Edition retains and, where appropriate, adds to, the problems that have been a feature of this book for decades. To maximize instructor flexibility, the problems for each topic now appear at the end of the chapter.

Tort Law Bloomsbury Publishing

Clarkson and Keating's *Criminal Law: Text and Materials* examines the main principles and rules of criminal law and explores the theoretical bases upon which they are founded in an easily digestible text. The work combines the best features of a standard 'textbook' with those of a 'materials' book to provide guidance and direction on the law, whilst presenting a substantial amount of key primary material selected from a diversity of sources

Contract West Academic Publishing

In the age of American mass incarceration, a complex legal regime governs prison conditions and presents a host of controversial questions at the intersection of constitutional liberty, statutory interpretation, administrative regulation, and public policy. This is a completely overhauled, re-titled, and much-expanded version of the leading casebook about incarceration. It addresses both pretrial and post-conviction incarceration, presenting Supreme Court and leading lower court case law, statutes, litigation materials, professional standards, academic commentary, and prisoner writing. Topics include conditions of confinement, civil liberties, particular prisoner populations and relevant legal issues (race and national origin discrimination, the particular issues/law governing treatment of incarcerated women, LGBTQ people, and people with disabilities). Litigated remedies (injunctive litigation, damages, the Prison Litigation Reform Act, and criminal prosecution of prison staff), are also covered in detail, as is non-litigation oversight. The casebook is supplemented by an open-access

website that offers additional resources and sources for further reading.

The Law of Torts West Publishing Company

This classic student text, used by tens of thousands of law students for almost 50 years, has been revised to reflect changes in the Bankruptcy Code, changes in case law, changes in bankruptcy practices, and changes in bankruptcy casebooks. For example, there is a Chapter on new Subdivision V which affects most small business cases and a new separate Chapter on Section 363 Sales which affects most large business cases. Today's bankruptcy courses are now much more than just the avoiding powers, and discharge. As bankruptcy classes have become more comprehensive, students have found this short book even more helpful in comprehending reading assignments, contributing to class discussions, and answering exam questions.

Incarceration and the Law, Cases and Materials Foundation Press
Provides definitions of legal terms and phrases used in various branches of law, in a new edition that includes a more extensive dating of terms, over 7,500 new entries, and increased bibliographic coverage.

Contracts

This accessible textbook helps students learn essential transactional skills by explaining the meaning and purpose of common contract clauses and exploring some potential pitfalls associated with their use. Nancy Kim utilizes select case summaries and contract clause examples to illustrate doctrinal concepts and how they may affect a transaction. The Fundamentals of Contract Law and Clauses will prove to be an invaluable resource in the classroom, as it will support law students in becoming preventive lawyers by teaching them how to preempt problems, reduce risks and add value to transactions.

Black's Law Dictionary

CasebookPlus Hardbound - New, hardbound print book includes lifetime digital access to an eBook, with the ability to highlight and take notes, and 12-month access to a digital Learning Library that includes self-assessment quizzes tied to this book, leading study aids, an outline starter, and Gilbert Law Dictionary.

Fundamentals of Business Enterprise Taxation

This publication provides a student with an understanding of ten leading torts cases, focusing on how the litigation was shaped by lawyers, judges and socioeconomic factors, and why the cases have attained landmark status. It is suitable for adoption as a supplement in a first-year torts course, or as a text for an advanced seminar.
