Fire chief Dan Egan pilots a helicopter with Dr. Natalie

Giroux aboard to make an emergency airlift. A full-blown electrical storm

hits. Lightning

strikes the chopper.

An emergency landing is their only hope...

The forced landing

strands Dan Egan and

Natalie Giroux on a

remote island in

Courage Bay. Being

isolated with Dan both frightens and excites Natalie. He's the kind of stubborn, fearless man she tries to avoid, yet she finds herself attracted. Maybe it's the brush with death...or the way Dan is struggling with his own desire for her. But she may as well admit it—when their helicopter went down, so did all of Natalie's defenses. She was the pampered daughter of a wealthy manufacturer, then the bored wife of the man who took over the business, lost in suburbia, drifting through the days until she found politics. Claire Reed always believed in helping others, but it wasn't until she began working with Women Strike for Peace, an early antinuclear proliferation organization, that she saw she could actually change the world. She went on to work with one of the the icons of modern feminism, Bella Abzug, and with civil rights groups. Her story is

the story of an era when women could, at last, shed the feminine mystique and become the woman they had buried inside themselves. **Tough Decisions** American Education Publishing

And you will not be able to stop yourself laughing out loud at the obscure facts, bizarre anecdotes, and vehicular follies of the motoring world as seen through the eyes of the very funny Tony Davis.

Total Feng Shui The Feminist Press at CUNY **Tough Fronts** takes the difficult issues in urban

education head on by putting street-savvy students at the forefront of the discussion on how to best make successful changes for inner city schools. Individual chapters discuss scholarly depictions of black America, the social complexity of the teacher-student relationship, individual success stories of 'at-risk' programs, popular images of urban students, and implications for education policy. With close attention to the voices of individual students, this engaging book gives vitality

and legitimacy to arguments for school changes that have been lacking in previous discussions.
