On 25 May 1944, 800 men of the 500th SS Parachute Battalion descended on Drvar, a town behind enemy lines in north-western Bosnia. Their aim was to kill or capture Tito, the leader of the partisan movement in the region. The plan was to land the battalion by glider and parachute in two waves which would be relieved the next day by a ground assault. Tito knew an attack was imminent but dismissed the idea of an airborne assault. The attempt to eliminate Tito was a colossal failure. The elite battalion had been decimated, with only 200 men fit for duty the next day. Inter-agency rivalry between the Abwehr and the SS had meant that intelligence was not shared, a problem exacerbated by a failure to exploit HUMINT about Tito's precise location and the adoption of a plan that did not take into account these intelligence limitations.

Though the world's wisest king, Solomon's heart was led astray by temptations of wealth, sex, and power. And we face the same dangers today, though the temptations may be different in degree and detail. Author Philip Ryken writes, "In witnessing Solomon's moral triumphs and sinful failures we learn how to live more wisely. By the grace of God, we may avoid a tragic downfall of our own and learn how to use money, sex, and power for the glory of God." Tracing Solomon's life from coronation to burial—and from godly devotion to self-serving excess—Ryken shows readers how to avoid similar downfalls and seek God's glory amid earthly temptations. These thirteen chapters are pastoral, rich in application, and biblically faithful. This overview of Solomon's life also includes a study guide, making it a great resource for both personal and group use.
