Science and technology has been used more and more in the last few decades to gain advantage over competitors. Quite often, however, the actual science involved is not published because a suitable journal cannot be found. The Engineering of Sport brings together work from a very diverse range of subjects including Engineering, Physics, Materials and Biomechanics. The Engineering of Sport represent work which was represented at the 1st International Conference on the Engineering of Sport held in Sheffield, UK in July 1996. Many sports were represented and the material covered split into nine topics covering aerodynamics, biomechanics, design, dynamics, instrumentation, materials, mechanics, modelling, motion analysis, and vibrations. It should be of interest to specialists in all areas of sports research.

It shows how countries benefit from providing good preschool education for children. Chapter 1 summarizes the case for the systematic public provision of high quality preschool education. Chapter 2 shows how research demonstrates the effectiveness of high quality preschool education in providing both social and educational benefits. Chapter 3 considers the early learning experiences and practices of other countries. Chapter 4 reviews the pattern of provision of preschool education in the United Kingdom. Chapter 5 considers the role of home and community, and chapter 6 discusses the nature of good practice and high quality provision for early learning. Chapter 7 offers a practical program for achieving the objective of providing good preschool education for all children. Chapter 8 summarizes the conclusions of the report and makes 17 recommendations addressed to parliament, educators, parents and the community, and the government. The report contains seven appendices that include statistics on early childhood services, a report on the impact of early learning on children's later development, and a summary of the High/Scope Perry Preschool Study. A list of suggested readings on early learning, containing over 70 titles, is included. (TJQ)
