Born to Manage On This Day

In 1882 three schoolboys from the Hotspur Cricket Club decided that playing football in the winter might be a good way to keep fit. So, after a meeting under a lamp post about 100 yards from where White Hart Lane stands today, they formed Hotspur Football Club. Players paid sixpence to join up, and the club played its first match in a dark blue strip with a red 'H' badge. Now Tottenham Hotspur Football Club is one of the greatest names in the greatest games of all, with an illustrious history of footballing firsts including having become the first non-league team to win

the FA Cup, the first team of the modern era to win the league and cup Double and the first British team to win a European trophy. Beyond that, the club has a proud tradition of ambition, excellence and of playing football the right way, 'the Spurs Way'. It is an unspoken but implicit prerequisite that the teams who pull on the famous lilywhite shirts will always endeavor to entertain and exhilarate the club's fans with fast, quick-passing, attacking football. 'The game, 'as the great Spurs captain Danny Blanchflower so succinctly put it, 'is about glory'. In *The Biography of Tottenham Hotspur*, renowned author Julie Welch - who has lilywhite and blue blood coursing through her veins - brilliantly deconstructs the history of the club to get to the very heart and soul of

Tottenham Hotspur. How did Spurs develop their unique and precious character? Who were the key individuals and what were the key events that shaped the modern Spurs? Packed with wonderful stories from the formation of the club to the present day, and the memories of numerous legendary players, managers, supporters and other key figures, *The Biography of Tottenham Hotspur* brings the rich and glorious history of Spurs to life from a new and fascinating perspective. *Life is a Funny Business* Robwin Publising House This is the true story of a young football fan who was born and grew up in Tottenham in the 50's and 60's and was privileged to witness the local team Tottenham Hotspur create history by winning the 'Double' of League champions and

F A Cup winners in the same season 1960-61. The book describes not only those wonderful players and matches but also the area of that time. The book is a tribute to not only many of those players but to the many supporters who have now sadly passed and who turned out week after week to cheer on their team to the greatest achievement in the club's history as well as those that came after. There is also a fascinating comparison to the teams of the 60's and 80's. The book contains a contribution from Steve Perryman and a Gallery of 24 original artwork illustrations of many of the greatest Spurs players from the 60's, 70's and 80's.

In Life is a Funny Business Alan Shatter revisits his early life experiences and explores how he was shaped and influenced by them. For the first time he describes the tragedy and comedy in his family history and background, depicted through the lens of an Irish Jewish boy growing up in 1950s and 60s Dublin, and his insights as a member of Ireland's small Jewish community. His story travels through the Ireland of the 1950s, 60s and 70s, and his early years of social and political activism and experiences as a lawyer. It ends shortly after Christmas 1981, just over six months following his first election to Dáil Éireann at the age of thirty. It also touches on some more recent events of social, political and historical significance linked to his past. His surprising and perceptive narrative uniquely depicts an Ireland of decades partially forgotten, profound changes that have taken place, incidents and events he has

not previously publicly discussed and how he coped with childhood adversity. Alan's deeply moving and thoughtful story reveals the real person behind the public figure and what shaped his values, beliefs, character and self-deprecating sense of humour. It is a story of love, laughter, tears and resilience.

Bury F.C. surprised the football world when the club from the relatively minor Lancashire town not only won promotion to the First League but then went on to establish themselves as equals amongst such larger town and city clubs as the Blackburn Rovers, Everton, Preston North End and Aston Villa. By the turn of the century the club were in their fifth consecutive season among the elite and headed for their first F.A. Cup Final. Not only did they win the trophy at the end of that season, they

repeated their triumph again just three years later. At that time they were able to make the proud boast of having won ten out of twelve Cup finals they had contested in their brief history, i.e: English Cup, winners 1900, 1903; Lancashire Senior Cup, Winners 1892, 1899, 1903; and Manchester Cup Winners 1894, 1896, 1897, 1900, 1903 (beaten finalists 1895, 1899). The greatest honours, of course, were those two English F.A. Cup wins, and this is the story of those two successes, as told through the press of the time. All matches of both finalists in both seasons covered, including full period match report, with additional facts and commentary by the author.

Drawing on social history, contemporary press reports and first-hand interviews with the fans themselves, authors Martin Cloake and Alan Fisher trace the Club's development from being the team of the suburbs and the rising south,

through the glory years and the arrival of mass, popular culture, and into the modern era of the game. A People's History of Tottenham Hotspur is the story of how fans helped create the identity of a world-famous club and tells a story from a perspective rarely acknowledged. It is not a tale of trophies won and lost, of players bought and sold. Instead, it is the story of how one of the game's oldest and most famous teams was formed and established by its fans and how its identity was created by them. It evaluates how the fans' relationship with the club has evolved, as the game has changed: from those bygone days, when a club was at the heart of a local community, to the modern era, where the world's leading football clubs have to compete as multinational 'brands', appealing to fans on a global scale, stretching much further and wider than the north London footprint than the club's founders would have ever imagined. The inspirational true story of Walter Tull's life is vividly reimaged here in scrapbook form, drawing on photographs, documents and records of his life. Born in Kent, in 1888, Walter Tull became not just the first black British professional outfield football player – for Tottenham Hotspur and Northampton Town -

but also the first black officer in the British Army. His leadership and courage in the trenches of the First World War won him a recommendation for a Military Cross that was never awarded because of his skin colour. His story takes the reader from his childhood in an orphanage, through his footballing years, to his eventual tragic death, aged 29, on the Somme. His legacy lives on.
