Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a

broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. step-by-step guide to help you get from where you are now, to where you want to be in the future. Your goals, your dreams, your plans...they're all within reach. You just need the tools to help you get there. That's what Sean Covey's landmark book, *The 7 Habits of Highly Effective Teens*, has been to millions of teens: a handbook to self-esteem and success. Now updated for the digital age, this classic book applies the timeless principles of 7 Habits to the tough issues and life-changing decisions teens face. Covey provides a simple approach to help teens improve self-image, build friendships, resist peer pressure, achieve their goals, and appreciate their parents, as well as tackle the new challenges of our time, like cyberbullying and social media. In addition, this book is stuffed with cartoons, clever ideas, great quotes, and incredible stories about real teens from all over the world. Endorsed by high-achievers such as former 49ers quarterback Steve Young and 28-time Olympic medalist Michael Phelps, *The 7 Habits of Highly Effective Teens* has become the last word on surviving and thriving as a teen.

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.

Innovation principles to bring about meaningful and sustainable growth in your organization Using a list of more than 2,000 successful innovations, including Cirque du Soleil, early IBM mainframes, the Ford Model-T, and many more, the authors applied a proprietary algorithm and determined ten meaningful groupings—the Ten Types of Innovation—that provided insight into innovation. The Ten Types of Innovation explores these insights to diagnose patterns of innovation within industries, to identify innovation opportunities, and to evaluate how firms are performing against competitors. The framework has proven to be one of the most enduring and useful ways to start thinking about transformation. Details how you can use these innovation principles to bring about meaningful—and sustainable—growth within your organization Author Larry Keeley is a world renowned speaker, innovation consultant, and president and co-founder of Doblin, the innovation practice of Monitor Group; BusinessWeek named Keeley one of seven Innovation Gurus who are changing the field The Ten Types of Innovation concept has influenced thousands of executives and companies around the world since its discovery in 1998. The Ten Types of Innovation is the first book explaining how to implement it.

An Innovative Tool for Enhancing Vision Skills Throughout 25 years of leadership research, bestselling Leadership Challenge authors Jim Kouzes and Barry Posner have consistently found that Inspire a Shared Vision is the practice that differentiates leaders from other credible people. They've also found that, for most leaders, it is the toughest practice. Vision is one of those words that evokes ridicule and awe, cynicism and mystery, confusion and inspiration. It's one of the most misunderstood words in the leadership lexicon. In The Leadership Challenge, vision is defined as: An IDEAL and UNIQUE IMAGE of the FUTURE for the COMMON GOOD This hands-on workbook is designed to help you get more comfortable and stronger at Inspiring a Shared Vision. It will guide you through the process of developing a clearer picture of that ideal future, and then it will help you to communicate it more effectively to those who can help you implement it. In addition, the workbook contains sections that will enable you to make your team a more forward-thinking group and your organization a more visionary place. And because visions are co-

created and shared, there is a section on how to build visionary skills in others. Following the step-by-step process outlined in the book you will be able to: Draft an effective vision statement Craft a persuasive vision presentation Test the presentation Create different versions of the presentation to suit the audience/situation Seek feedback from your audience and evaluate your vision effectiveness Each section contains activities to help you focus on the skills needed to become more adept at looking ahead and creating the workplace and the world you would like to see.
