"Live to Death" The idea of this book title was quite spontaneous as I find it difficult to find that perfect anything. However, the title does makes sense with my beliefs and a lot of what lies in this book. The idea is to simply live life to the fullest, from the beginning to the end, to live life to the death of it, and to truly live, not only survive. To find meaning, and purpose is my dream. To give my mind to people, just like me. Main Themes - To find love for all stages of life,

and events in life, even when they are not the brightest. To live life to the fullest, from the beginning to the end. Relation - It's life. We all live it. No matter your age, direction, class, beliefs, you are living, so it's applicable to all those that are alive, have existed, or will exist. The Main Plot/Point - To hopefully inspire a positive light, even in dark times, there is always beauty. Main Question - There are an infinite amount of questions you could ask yourself from reading this. I suppose I would hope for you to ask yourself questions about yourself from reading this. What is my life? Am I living? Am I alive? Have I died? In, "Live to Death" lies the poetry that I've written in the past 3 years of my life. All of this poetry comes from the reality that I've experienced, rather it be through my very own eyes, or in my mind. This is my reality. I hope you can find yourself falling into my reality and seeing through my eyes and into my mind.

Dan W. Clanton, Jr. examines the presence and use of religion and

Bible in Agatha Christie's Hercule Poirot novels and stories and their later interpretations. Clanton begins by situating Christie in her literary, historical, and religious contexts by discussing "Golden Age" crime fiction and Christianity in England in the late 19th-early 20th centuries. He then explores the ways in which Bible is used in Christie's Poirot novels as well as how Christie constructs a religious identity for her little Belgian sleuth. Clanton concludes by asking how non-majority religious cultures are treated in the Poirot canon, including a heterodox Christian movement, Spiritualism, Judaism, and Islam. Throughout, Clanton acknowledges that many people do not encounter Poirot in his original literary contexts. That is, far more people have been exposed to Poirot via "mediated" renderings and interpretations of the stories and novels in various other genres, including radio, films, and TV. As such, the book engages the reception of the stories in these various genres, since the process of adapting the original narrative plots involves, at times, meaningful changes. Capitalizing on the immense and enduring popularity of Poirot across multiple genres and the absence of research on the role of religion and Bible in those stories, this book is a necessary contribution to the field of Christie studies and will be welcomed by her fans as well as scholars of religion, popular culture, literature, and media.

A Touch of Death The Three Little Sisters

That Certain Saturday tells the true story of Madelyn S Leigh's struggle with her mother's illness from Madelyn's age of nine until she was sixty. Her father always being their rock. Beginning in 1960 with a pill which was proclaimed by doctors to be a miracle, Madelyn had to watch that medication prolong the pain and stigma of her loving and kind mother's problem rather than fix things. Her mother seemed to have the perfect life by being a contented housewife and very involved with her women's church group in the years prior to 1960. Her daughter Madelyn's childhood had been celebrated with the beauty of daily horseback rides which her mother

enjoyed watching. The events of the morning that her mom's nerves came unraveled were something that no child should have to endure. Madelyn did endure it, but her life would never be the same. Psychiatric ward visits and hearing her mother be "labeled" made for a quick jump from childhood to adulthood at age nine. Two years later equaled two more nervous breakdowns and three out-of-state moves due to her dad being transferred because of his job. Her mother had the determination to keep trying to start over by driving again and getting involved with life. A first marriage for Madelyn and a wonderful baby boy, three years later, still did not help to normalize her situation. Her father had been the only stabilizing factor for her since young childhood. His diagnosis of cancer in the late 1980s was a huge awakening. Life was a complete confusion for Madelyn while she was always wishing she was simply riding a horse, her favorite pastime. Modern medicines were prescribed for her mom after her last hospital stay and made a great difference. In the 1990s, Madelyn inherited all of the responsibilities of her mom. With her mom's mental condition greatly improving, her mom's physical condition began to deteriorate rapidly. The number of doctors for her care grew to nine. Exhaustion and insomnia took over Madelyn's life, but she kept going due to her love for her mother and the kindness of her mom under terrible circumstances. The coming years contained many changes, but she and her mom always remain together. The wait for Jesus had many challenges. It was a roller-coaster life, growing up in a dysfunctional family which never included alcohol, drug abuse, or physical or mental abuse. It was simply one person's personal struggle with a chronic illness which affected the whole family. The love of family and the love of animals defeated everything that was bad.
