Touchstone Level 2A Student's Book A with Audio CD/CD-ROM

Cambridge University Press

"If you want to know why Harriet Lerner is one of my great heroes, Why Won't You Apologize? is the answer. This book is a game changer."

—Brené Brown, PhD, LMSW, author of the #1 New York Times bestseller *Rising Strong* "Harriet Lerner is one hell of a wise woman. She draws you in with deft and engaging prose, and then changes your life with her rigorous intelligence and her deeply human advice. I promise that you will never see 'the apology' in quite the same way." —Esther Perel, MA, LMFT author of *Mating in Captivity* Renowned psychologist and bestselling author of *The Dance of Anger* sheds new light on the two most important words in the English language—I'm sorry—and offers a unique perspective on the challenge of healing broken connections and restoring trust. Dr. Harriet Lerner has been studying apologies—and why some people won't give them—for more than two decades. Now she offers compelling stories and solid theory that bring home how much the simple apology matters and what is required for healing when the hurt we've inflicted (or received) is far from simple. Readers will learn how to craft a deeply meaningful "I'm sorry" and avoid apologies that only deepen the original injury. *Why Won't You Apologize?* also addresses the compelling needs of the injured party—the one who has been hurt by someone who won't apologize, tell the truth, or feel remorse. Lerner explains what drives both the non-apologizer and the over-apologizer, as well as why the people who do the worst things are the least able to own up. She helps the injured

person resist pressure to forgive too easily and challenges the popular notion that forgiveness is the only path to peace of mind. With her trademark humor and wit, Lerner offers a joyful and sanity-saving guide to setting things right.

Our Own Devices Cambridge University Press

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of

systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Getting to Yes Cambridge University Press

In today's lightning-fast technology world, good product management is critical to maintaining a competitive advantage. Yet, managing human beings and navigating complex product roadmaps is no easy task, and it's rare to find a product leader who can steward a digital product from concept to launch without a couple of major hiccups. Why do some product leaders succeed while others don't? This insightful book presents interviews with nearly 100 leading product managers from all over the world. Authors Richard Banfield, Martin Eriksson, and Nate Walkingshaw draw on decades of experience in product design and development to capture the approaches, styles, insights, and techniques of successful product managers. If you want to understand what drives good product leaders, this book is an irreplaceable resource. In three parts, Product Leadership helps you explore: Themes and patterns of successful teams and their leaders, and ways to attain those characteristics Best approaches for guiding your product team through the startup, emerging, and enterprise stages of a company's evolution Strategies and tactics for working with customers, agencies, partners, and external stakeholders

Joe DiMaggio Simon and Schuster

A young New Yorker grieving his mother's death is pulled into a gritty underworld of art and wealth in this "extraordinary" and beloved Pulitzer Prize winner that "connects with the heart as well as the mind" (Stephen King, New York Times Book Review). Theo Decker, a 13-year-old New Yorker, miraculously survives an accident that kills his mother. Abandoned by his father, Theo is taken in by the family of a wealthy friend. Bewildered by his strange new home on Park Avenue, disturbed by schoolmates who don't know how to talk to him, and tormented above all by a longing for his mother, he clings to the one thing that reminds him of her: a small, mysteriously captivating painting that ultimately draws Theo into a wealthy and insular art community. As an adult, Theo moves silkily between the drawing rooms of the rich and the dusty labyrinth of an antiques store where he works. He is alienated and in love -- and at the center of a narrowing, ever more dangerous circle. *The Goldfinch* is a mesmerizing, stay-up-all-night and tell-all-your-friends triumph, an old-fashioned story of loss and obsession, survival and self-invention. From the streets of New York to the dark corners of the art underworld, this "soaring masterpiece" examines the devastating impact of grief and the ruthless machinations of fate (Ron Charles, Washington Post).

Touchstone Level 4 Student's Book A Cambridge University Press

Touchstone, together with Viewpoint, is a six-level English program based on research from the Cambridge English Corpus. Courier Corporation

"Touchstone is an innovative four-level series for adults and young adults, taking students from beginning to intermediate levels (CEFR: A1-B2). Based on research into the Cambridge English Corpus, Touchstone teaches English as it is really used. It presents natural language in authentic contexts, and explicitly develops conversation strategies so learners speak with fluency and confidence."--Page 4 of cover.

Touchstone Level 2 Full Contact A Cambridge University Press

Touchstone Student's Book 1 is the first level of the innovative Touchstone series and is designed for beginning students. Student's Book 1B contains units 7-12, the second half of the complete Level 1 Student's Book. Drawing on research into the Cambridge International Corpus, a large database of language that includes everyday conversations and texts from newspapers and books, Student's Book 1 presents the vocabulary, grammar, and functions students encounter most often in real life. It also develops the strategies that students need for effective conversations, such as how to start and end a conversation and how to ask questions that are not too direct. The book features an attractive, contemporary design, and beautiful color photos and illustrations. It makes learning fun by maximizing the time students spend on interactive, personalized activities on high-interest topics. Students using Touchstone will soon feel confident in their abilities to express themselves clearly and effectively. A free Self-Study Audio CD/CD-ROM at the back of the book gives students further practice in listening, speaking, and vocabulary.
