At the dawn of the Ming Dynasty, three women's path will cross. And of their journey, a tale will be born. An imperial concubine, a Persian traveler and a mysterious storyteller. Three women: One story. This is BEIJING. A city seething with mystery and royal intrigue. Once a palace orphan, the wilful Min Li has only ever sought to please, even if that means pleasing Emperor Zhu Di. Now a powerful concubine, Min Li unearths a terrible

secret concealed within the walls of Beijing's Imperial city. Driven to despair, she seeks help from her lover, Admiral Zheng He. But this will spark a chain of events that even sets Beijing's palace on fire. Min Li's fate is sealed yet her true enemy is not who she thinks. The Ming Storytellers is a historical tale of 15th century China that sweeps across the palaces of Nanjing and Beijing into the mountainous villages of Yunnan, where a mysterious shaman holds the key to a woman's destiny. Across the oceans, from the bustling bazaars of Southern India to the lush shores of Zanzibar, nothing is what it seems. For the eyes and ears of the Ming Emperor are ever near. ---- A tale of the Far East replete with dark secrets, The Ming Storytellers is set during the early Ming Dynasty, soon after the reconquest of The Middle Kingdom from the Mongols.
