With a foreword by shaman Christina Pratt, in the revised second edition of this bestselling fantastical memoir, Kelley Harrell chronicles a modern shamanic journey from pain, to healing and accepting a calling to work as a soul healer of others. Groundbreaking at the time of its first publication in 2004, still no other modern shamanic work shares an experience of soul healing told from within the shamanic narrative, bringing relatable and credible insight to contemporary soul healing. Through that rare glimpse into her experiences traversing the spirit world, Harrell's story becomes the reader's adventure. Not always easy to read, there are unflinching passages examining hurtful childhood memories, confrontations with overzealous spirit guides, and challenging personal obstacles she must overcome in order to heal.

Eluding her father, she accidentally finds herself sheltered in a house of prostitution under the protection of a kind madame who is acquainted with her father and Miguel Ruiz. Now lovers and committed to each other, Anne Marie blindly accepts Miguel's calling. Eventually, she is presented with a young Indian maid recued in one of Villa's raids. Unaware of the pillaging, raping and shooting that Villa and his men have been conducting in the name of freedom and justice, she is inadvertently exposed to Villa's devastation while seeking medical attention at another village. Pleading with Miguel to stop this carnage, he passionately convinces her that he is only planning strategies. Perceiving the intensity of his fervor, Anne Marie realizes that she cannot dissuade Miguel. After overhearing his plans for a raid by Villa's men on a nearby hacienda, now under the charge of an American Army major assisting the Mexican government in its attempt to diffuse and quell insurgent uprisings, Anne Marie is torn between her loyalty to Miguel and to a United States citizen in imminent danger of attack and death by Villa's insurgents. A "powerful and original" (The Times) historical saga that follows the quest for identity, redemption and home in the wake of World War II. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejzenstain. In retaliation, his commander orders the execution of thirty-seven Poles--one for every year of the dead man's life. First hidden by a sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. Kingdom of Twilight follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it. Hypnotically lyrical and intensely moving, Steven Uhly's epic novel is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption.

This book discusses all important aspects of emergency medicine in older people, identifying the particular care needs of this population, which all too often remain unmet. The up-to-date and in-depth coverage will assist emergency physicians in identifying patients at risk for adverse outcomes, in conducting appropriate assessment, and in providing timely and adequate care. Particular attention is paid to the common pitfalls in emergency management and means of avoiding them. Between 1980 and 2013, the number of older patients in emergency departments worldwide doubled. Compared with younger patients, older people suffer from more comorbidities, a higher mortality rate, require more complex assessment and diagnostic testing, and tend to stay longer in the emergency department. This book, written by internationally recognized experts in emergency medicine and geriatrics, not only presents the state of the art in the care of this population but also underlines the increasing need for adequate training and development in the field.
