In the Philippines, the sixth generation Corolla
was initially introduced in 1989 with 3 trim
levels: XL, XE and GL. Both the XL and XE
variants came with the 1.3 liter SOHC 2E

engine, while the GL variant, which is the top-of-
the-line model, came with the more powerful
1.6 liter DOHC 4A-F engine. Earlier XL
variants were given 4-speed manual
transmissions, while the later models came with
5-speed manual transmissions; hence the XL4
(4-speed) and XL5 (5-Speed) designations.
