For the first time ever, a comparative survey of 95 percent of the fiberglass pocketcruising sailboats ever built
Author Steve Henkel has researched

hundreds of cruising sailboats less than 26 feet long--pocket cruisers--to create this definitive gallery and handbook of the small cruising sailboats built in the last 45 years. With detailed plans, specifications, performance indexes, and commentary for every model the author could find (360 in all!), *The Sailor's Book of Small Cruising Sailboats* is your ideal core reference for the used and new boats you see on the water.
Gale's Auto Sourcebook 2
Detailed information on Corolla 4 cylinder engines vehicles 1985 to 1993 including 2A, 3A, 4A, 6A plus TOHC 4A-FE and 4A-GE engines, all transmissions, axles, suspension, brakes,

body, wiring schematics, diagnostic codes, EFI and carburetor, problem solving, plus more. 4x4 model included. All body styles with worldwide specifications. Suitable for DIY or the mechanic.

Directions

This study addresses the adequacy of traffic safety in work zones. The specific safety issues discussed in this study are: the usefulness of work zone accident data; the hazards of two-lane, two-way operations without positive separation of traffic on a normally divided highway; the use of truck-mounted attenuators in movi

ng/maintenance operations and at long-term construction sites; the placement of flaggers; the need to identify design changes in work zones that will aid drivers with degraded sensory perceptions resulting from aging, inattentiveness, or impairment; the lack of compliance with existing guidelines for work zone traffic control devices and procedures; and the need for a national work zone safety program. Recommendations concerning these issues were made to the National Highway Traffic Safety

Administration, the Federal Highway Administration, and the American Association of State Highway and Transportation Officials.

American Book Publishing Record

In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental

impact of ski area development, and people moving to the mountains to work and live.

Moody's Transportation Manual
According to CNW Marketing/Research, 53 million used cars were sold in 1994 in the United States alone. By the end of 1999, CNW forecasts the used car market will soar to 63.5 million units as the rising cost of new cars forces millions into second-hand cars. Millions of people need car-buying information every year in a market destined to

increase. THE USED CAR BUYER'S MANUAL offers this much needed car-buying information. Divided into three parts, part one shows how to buy a car from a private party. Part two details how to buy a car through a dealer. In the third part, UCBM offers advice on how to sell your car along with tips designed to keep your car running problem free. The UCBM also offers a vehicle inspection checklist designed to be photocopied for the reader's convenience. But the most impressive information UCBM

offers is its Directory of Reliable Used Cars Appendix. UCBM shows you which cars are reliable by listing over a hundred models & then taking the best in each class & offering them as the creme de la creme. Contact Marketing Director Dave Austin, P.O. Box 830, Newbury Park, CA 91319. 805-499-7828.
