Some TOYOTA Forklift Truck Brochures PDF are above the page. In 1939, the first loader was launched in Japan, but the beginning of the Second World War stopped the development of the industry for some time. Even before the war, a small number of three-ton electric trucks was produced. And when, during the occupation, several import loaders were imported into the country to unload escort ...

Towards investments, here is a quote found in a Toyota forklift operators manual:

The most expensive part of a material handling operation is not the equipment, but the people who operate it. Toyota has designed this lift truck to work safely and efficiently with the operator, but you have the primary responsibility for the well being of your employees.
