Ambitious but Rubbish reveals the off-camera secrets behind some of Top Gear's most memorable creations. From the challenge of turning a Reliant Robin into a rocket and the genesis of the Hammerhead-i Eagle Thrust electric car to the complexities of building a caravan airship and the inspiration for destruction-testing a Toyota Hilux, this book is packed with the previously untold stories behind dozens of classic TV moments. Top Gear has never shied away from trying to answer questions no one has even thought to ask. Questions like 'Can you make a convertible people carrier?', 'Can you cross the Channel in a pick-up?' and 'Can you turn a combine harvester into a snow plough?'. Ambitious but Rubbish reveals how those insane ideas came about with remarkable tales of ingenious invention and idiotic engineering. This book is essential reading for any Top Gear fan and a terrific insight into the creation of the world's biggest car show. It's also a terrifying window into the minds of Jeremy Clarkson, Richard Hammond and James May. Don't say you weren't warned about that last one.

injection equipment, and the DPS rotary injection pump. Also features expanded sections on Detroit and Cummins with a full explanation of how to diagnose faults in the Detroit Diesel electronic controlled engines. Index included.

Kenya Gazette

"A must-read thriller from a brilliant new talent in the genre." –Jack Carr, #1 New York Times bestselling author This "adrenaline rush of a novel" (Lisa Gardner, #1 New York Times bestselling author) follows a shadow operative in the midst of a conspiracy with worldwide implications from the author of the "fast-paced international thriller" (New York Journal of Books) *Sleeping Bear*. Set a trap... See who comes. Under the direction of the Special Activities Center in the Operations Directorate of the CIA, over three hundred highly trained agents operate in the darkest shadows of the country's covert wars. Plucked from the highest echelons of America's special mission units, these individuals go through rigorous training by the Agency to perfect the arts of assassination, sabotage, infiltration, and guerrilla warfare. According to the United States government, this Ground Branch of the CIA does not exist. But when diplomacy and military intervention fails, the President of the United States calls upon it to solve America's most dangerous crises. Brian Rhome, a former Ground Branch paramilitary officer, thought his time within this elite group was over. But now, he's on a desperate race against time around the globe as he confronts the traumas of his

past and unravels a deadly conspiracy that threatens the highest levels of American democracy.
