The Toyota Production System is the benchmark used throughout the world for "lean" thinking. Now you can model your own processes after those of the company that "wrote the book on supply chain management." Written by two experts on the subject, along with a former Toyota senior executive, this book details the most celebrated supply chain operation in the world to help you form an integrated, synchronized system that will be the envy of your industry. You will find key insight into the logic behind every point of Toyota's supply chain, along with both the tactics and strategies you can use to build an outstanding system of your own. Toyota Supply Chain Management explains how to achieve balance and efficiency by focusing on:

- Variety: Determine your variety of offerings based on operational efficiency and market demand
- Velocity: Maintain a steady flow through all processes of the supply chain
- Variability: Manage inconsistencies carefully to reduce cost and improve quality
- Visibility: Ensure the transparency of all processes to enable continuous learning and improvement

The authors provide valuable insider tips and offer hands-on guidance for improving production and operations in a variety of industries, including health care, insurance, banking, credit processing, and retailing. With careful attention paid to every aspect of the subject—from principles and theories to operations and best practices—Toyota Supply Chain Management is the most comprehensive, insightful guide to forging a world-class supply chain system.

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute

how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
