How to speed up business  
processes, improve quality,  
and cut costs in any industry  
In factories around the  
world, Toyota consistently  
makes the highest-quality  
cars with the fewest defects

of any competing manufacturer,  
while using fewer man-hours,  
less on-hand inventory, and  
half the floor space of its  
competitors. The Toyota Way is  
the first book for a general  
audience that explains the  
management principles and  
business philosophy behind  
Toyota's worldwide reputation  
for quality and reliability.  
Complete with profiles of  
organizations that have  
successfully adopted Toyota's  
principles, this book shows  
managers in every industry how  
to improve business processes  
by: Eliminating wasted time  
and resources Building quality  
into workplace systems Finding  
low-cost but reliable  
alternatives to expensive new  
technology Producing in small  
quantities Turning every  
employee into a quality control  
inspector

The Toyota Way Fieldbook is a companion to the international bestseller The Toyota Way. The Toyota Way Fieldbook builds on the philosophical aspects of Toyota's operating systems by detailing the concepts and providing practical examples for application that leaders need to bring Toyota's success-proven practices to life in any organization. The Toyota Way Fieldbook will help other companies learn from Toyota and develop systems that fit their unique cultures. The book begins with a review of the principles of the Toyota Way through the 4Ps model-Philosophy, Processes, People and Partners, and Problem Solving. Readers looking to learn from Toyota's lean systems will be provided with the inside knowledge they need to Define the companies purpose

and develop a long-term philosophy Create value streams with connected flow, standardized work, and level production Build a culture to stop and fix problems Develop leaders who promote and support the system Find and develop exceptional people and partners Learn the meaning of true root cause problem solving Lead the change process and transform the total enterprise The depth of detail provided draws on the authors combined experience of coaching and supporting companies in lean transformation. Toyota experts at the Georgetown, Kentucky plant, formally trained David Meier in TPS. Combined with Jeff Liker's extensive study of Toyota and his insightful knowledge the authors have developed unique models and ideas to explain the true philosophies and principles of the Toyota Production System.

Trump University Marketing 101 combines the biggest name in business with the 40-year teaching experience of one of the most well-known marketing thinkers in academia. Without an MBA in marketing, how can today's entrepreneurs and business owners stay on top of what's happening in marketing? How can they find the best new ideas and avoid those tactics that don't work or just lead to trouble? Trump University Marketing 101 presents all the basics of a marketing MBA. Each chapter focuses on one key marketing idea and explores it in a straightforward, non-academic manner with exercises and examples that show the idea in action. But more than basic instruction, Sexton also includes his own methodologies for making vital marketing decisions—the same methodologies major corporations pay top-dollar to have him teach their employees. Don Sexton is Professor of Business at Columbia University and principle of The Arrow Group, Ltd.®, a marketing consulting and training firm whose clients have included GE, Citigroup, IBM, and Pfizer,

among many others. He has taught at Columbia for more than 35 years, is a recipient of the Business School's Distinguished Teaching Award, and has written numerous articles on marketing and branding issues. He is often quoted in prominent media such as The New York Times, Business Week, and Beijing's China Economic Daily.
