The Reflexology Handbook Rowman & Littlefield Take New York by storm and steer clear of serious relationships. That's the plan. That's the goal. It's easy too, now that my software company is making headlines. Nothing is getting in the way of that--not even my sexy personal trainer. I don't care how beautiful and intriguing she is. Mel Dawson keeps talking me into doing things, like watching the sunset and slowing down to enjoy life. When she trains me, and I watch her body, I'm constantly fantasizing about exploring every inch of it all night long, claiming her mouth every time she gives me a sassy reply. I don't even know who I am when I'm with her. I'm suddenly a completely different man. But, I like this version of myself better. Mel's smart, determined, and keeps me guessing. She's everything I need and want, but I've been burned before. I'm used to taking chances in the boardroom, just not in my personal life. How much am I willing to risk for a chance to make her mine?

The scream heard by no one is the  
deadliest. In the rural parishes of  
Louisiana's French Triangle, young women  
are disappearing one by one, only to turn  
up on the banks of the bayou, strangled  
and cast aside where they are sure to be  
found. But there is one trophy the killer  
prizes above all others, one woman who  
must be silenced forever.... Attorney Laurel  
Chandler did not come back to Bayou  
Breux to seek justice. That once-burning  
obsession had destroyed her credibility,  
her career, her marriage—and nearly her  
sanity. But when a ruthless predator strikes  
too close to home, she's lured into a  
perverse game from which there may be  
no escape. Once before, Laurel's cries  
against a monstrous evil went unanswered.  
Who will listen now?

Once upon a time, a nobody met a  
prince. Then she met his best friend, a  
second prince. Then she learned they  
like to share, and that's when things got  
interesting. That's when things got  
downright scandalous. My life has never  
been a fairytale. Absent parents, a  
grandmother gone too soon, and a job  
working the kitchens for the most  
heinous b\*\*ch in the Kingdom of  
Bandiff. But that's before I sneak into the  
hottest royal ball on the planet. That's  
before I waltz right into them. The  
McDermott Princes. Princes, plural.  
There's two of them - both gorgeous  
beyond belief, alpha as hell, and more  
tempting than sin. Both with their eyes  
on me and both with that look that says

that I'm theirs. Two princes, one baker.  
This might sound like too many cooks in  
the kitchen, but they say they like to  
share. They say they'll tear their whole  
kingdom down to make me theirs. They  
say they want to make me their  
Queen. Pretty soon, breaking into a royal  
ball is the least of my problems. This is a  
disaster waiting to happen. It's filthy, and  
oh-so-wrong. It's a royal scandal of epic  
proportions, and I'm right in the middle  
of it.... I'm right in the middle of  
them. Maybe this is a fairytale after all.  
Ever heard of the cook who found a  
crown? How about two crowns? Two  
big, dominant, mouthwatering, pulse-  
quickenning crowns. I've never found a  
happy ever after. Now, I think I'm about  
to find two of them. This is a standalone  
story. The books in the Royally Screwed  
series can be read in any order. Steamy  
as all get-out, ridiculously over the top,  
and more growly alpha yumminess than  
you can shake a tiara at. Seriously -  
reality got left at the door with this one.  
But something tells me, you're going to  
love it ;). Get ready to have your cake  
and eat it two too! This mfm romance is  
all about her - no m/m. As with all my  
books, this standalone novella is safe,  
with no cheating, and a HEA  
guaranteed.

From Ramallah to New York, Tel Aviv to Porto Alegre, people around the world celebrate a formidable, transnational Palestinian LGBTQ social movement. Solidarity with Palestinians has become a salient domain of global queer politics. Yet LGBTQ Palestinians, even as they fight patriarchy and imperialism, are themselves subjected to an "empire of critique" from Israeli and Palestinian institutions, Western academics, journalists and filmmakers, and even fellow activists. Such global criticism

has limited growth and led to an emphasis within the movement on anti-imperialism over the struggle against homophobia. With this book, Sa'ed Atshan asks how transnational progressive social movements can balance struggles for liberation along more than one axis. He explores critical junctures in the history of Palestinian LGBTQ activism, revealing the queer Palestinian spirit of agency, defiance, and creativity, in the face of daunting pressures and forces working to constrict it. *Queer Palestine and the Empire of Critique* explores the necessity of connecting the struggles for Palestinian freedom with the struggle against homophobia.

A powerful poetry collection full of the drama, musicality and lyricism that Jackie Kay is famed for. Exploring the themes of identity and age, this collection includes poems about the old days and the new days, and the places associated with an older generation, who often live dreamlike, isolated existences - not only geographically, but also in the memory. Nature and the elements play a big role too: trees, the moon, the sea, fire. Jackie Kay's style is one moment witty, the next melancholic, or gently surreal - and in this brilliant reissued collection, her poems are infused with warmth and colour: in particular, the colour RED. Perfect for fans of *The Gift* by Carol Ann Duffy and Rob Ryan, this gorgeous new gift edition is a must-have for any poetry fan.

Lem Beauchamp is a stranger with a mysterious ax to grind when it comes to the bandits who razed Jarrett's ranch. Despite Jarrett's suspicion of Lem, he isn't about to refuse the help of an experienced gunman—even if Lem plans to hand out more punishment than the law dictates. in China, Japan, and Korea. The reader's Introduction examines the "Washington Consensus" and its competitors, and the 21st century shift in global economic power from the Anglo-American West to China. Each of the three parts that follow is focused on a particular country. Part I explores the Chinese concept of *tianxia* through interpretation of the hit 2002 movie, *Hero*; China's household registration (*hukou*) system and its impacts upon migrant children in Chinese cities; and continuity and change in East Asian patterns of marriage and family. Part II examines aspects of Japanese modernization, nationalism, and state-building from the Meiji era to the present; contemporary challenges at the national level; and the vitality of local politics in this unitary state. Part III considers Korea's and China's movement from "tribute" to "treaty" relations in the 19th century; the development of Korean national identity through sport from the colonial era to 1988; changing South Korean perceptions of North Korean immigrants; and competing models of North Korea as a state. The Conclusion offers a diplomat's overview of the politics of history in East Asia. Students are then provided with a Glossary of terms and concepts. *A Reader in the History, Culture, and Politics of Modern East Asia* is an excellent resource for undergraduate courses in political science and Asian studies.

This book discusses how fact-finding mechanisms for alleged violations of international human rights, humanitarian and criminal law can be improved. There has been a significant increase in the use of international(ised) and domestic fact-finding mechanisms since 1992, including by the United Nations human rights system, international commissions of

inquiry, truth and reconciliation commissions, and NGO fact-finding. They are analysed and assessed in detail by 22 authors under the common theme 'Quality Control in Fact-Finding'. The authors include Richard J. Goldstone, Martin Scheinin, LIU Daqun, Charles Garraway, David Re, Simon De Smet, FAN Yuwen, Isabelle Lassée, WU Xiaodan, Dan Saxon, Christopher B. Mahony, Dov Jacobs, Catherine Harwood, Lyal S. Sunga, Wolfgang Kaleck, Carolijn Terwindt, Ilia Utmelidze and Marina Aksenova. This Second Edition includes new chapters by Geoffrey Robertson QC, Emma Irving and William H. Wiley, as well as a new foreword by Mads Andenæs. The book considers how the quality of every functional aspect of fact-finding can be improved, including work processes to identify, locate, obtain, verify, analyse, corroborate, summarise, synthesise, structure, organise, present and disseminate facts. Emphasis is placed on the nourishment of an individual mindset and institutional culture of quality control. This book concerns fact-work outside criminal justice systems. It is supplemented by *Quality Control in Preliminary Examination: Volumes 1 and 2* and *Quality Control in Criminal Investigation* in the same Series.

Long before policy analysis emerged as a separate profession with its own graduate schools, economists offered advice about government policies.

Positive economics provides the tools for predicting the impacts of proposed policies; normative economics, especially welfare theory, offers a framework for valuing the impacts of policies in terms of efficiency and simple notions of equity. With the expansion of economic theory into ever wider fields of human behavior, it is no wonder that economists have prominence as teachers and practitioners of policy analysis. Indeed, many economists see policy analysis as essentially applied economics. Though other social scientists might object to this somewhat parochial view, economics and policy analysis share much in common in terms of development and prospects. The purpose of this volume is to trace these interrela

they create. Tensions arise for several reasons. Changes in the discipline of economics affect the findings, methods, and personnel offered to policy analysis. For example, on the one hand, the "new institutional economics" appears to be extending the influence of economists to questions involving nonmarket organizations, while on the other hand, the apparently growing emphasis within the economics profession on creating rather than empirically testing theory suggests that fewer of the best young scholars will be drawn to policy-relevant research. Within the schools of policy analysis, the drift toward public management may reduce the demand for traditional economic training.
