This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down's syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good doctors and surgeons, in Bobby's case, we have seen that it can be done. I was always trusting God in each incidence. It is my hope that this book will prove to be an inspiration to any and all who have the privilege of reading it.

This is a brain dump of knowledge after thirty years of racing experience to get the average person up and running with the hobby of auto racing. This book concentrates on the area of dirt oval track racing, but has a ton of useful knowledge which can be applied to almost any type of auto racing. This book covers everything from finding a garage, finding crew help, getting a suitable towing vehicle and trailer, to financing the entire operation. There is also an extensive section on weekly race car preparation and tuning. This book will help the new racer avoid the pitfalls most new racers encounter. There is even some useful information even seasoned veterans would find useful. Check out the blog at <http://hogantechnologies.com> for even more.
