Robert's Rules of Order Newly Revised, commonly referred to as Robert's Rules of Order, RONR, or simply Robert's Rules, is the most widely used manual of parliamentary procedure in the United States. It governs the meetings of a diverse range of organizations-including church groups, county commissions, homeowners associations, nonprofit associations, professional societies, school boards, and trade unions-that have adopted it as their parliamentary authority. The manual was first published in 1876 by .US Army

officer Henry Martyn Robert, who adapted the rules and practice of Congress to the needs of non-legislative societies. Ten subsequent editions have been published, including major revisions in 1915 and 1970. The copyright to Robert's Rules of Order Newly Revised is owned by the Robert's Rules Association, which selects by contract an authorship team to continue the task of revising and updating the book. The 11th and current edition was published in 2011. In 2005, the Robert's Rules Association published an official concise guide, titled Robert's Rules of

Order Newly Revised In Brief. A second edition of the brief book was published in 2011.

The Art of Becoming Ushers and Greeters of Excellence A Training Manual for Ministry Today
Ushering with a

Mission B&H Publishing Group

I started writing this book in 1994. That was the year the LORD graciously commissioned me to raise for Him Quality leaders. I started with Ministers' and Pastors' workshop. Training for ushers was the second assignment I handled among the three fold mandates the LORD gave me in 1994. But, no book was written by me back then, neither did I come across any specialized book on Ushers, Greeters and Protocols in one volume, 20 years ago. I have been privileged to conduct Training courses across the length and breadth of Nigeria on Ushering ministry for 20 years. I have interacted with over 400 churches from over 280 denominations

in conferences and seminars but I never wrote a book on this topic. Our outfit, Christian Leadership Skills, have been involved in mass training for ushers in churches that counted 120,000 on Sundays with Ushers' workforce of about 4,000. I have written 36 books todate, but none on Ushers, Protocol and Greeters until now. A particular mega church invited us to deliver training for ushers and crowd controllers twice within three months in their headquarters church. Their invitation came a bit late I could not be there physically. I didn't have a book on Ushers or crowd control. Only a manual. Churches get confused on the role of ushers as different from protocol

officers. I have witnessed ushers and protocols fight for territories in churches. A particular church head usher insists that he must stay side by side with the protocol officer by the altar, very close to the anointed. There was no book to show where each belong. A particular ministry scrapped the word "Ushers" from the list of ministries. The General Overseer banned the entire ushers from officiating in the length and breadth of the church. His reason? Brethren have the Holy Spirit to direct them. No need for Ushers and the church went on "smoothly thereafter". I had no book to give to the man of God. No book I could give, until 20 years later!

Who are Ushers? Who are Protocol officers? Who are Greeters? Who are Traffic Controllers? I didn't write any book to explain. I only explain during workshop session. Now the explanation has become handy.

The goal of this book is to produce

excellence in your usher and greeter ministry if your ministry is already established. If you are just starting as a church, this book provides teaching and instruction for ushers and greeters, as well as providing insight and solutions to problems that are going to arise in the life of the church. It provides examples of how different churches handle different situations so that you can choose the method which will be most effective for you. This book is helpful for any usher and greeter to read so as to become more effective in the ministry God has for them. Ushers and

greeters are very important in the life of the church. The better trained they are, the better position the church will be in to grow by retaining more of the guests who visit the church.

The author, head usher at the Tabernacle of Hope Seventh-day Adventist Church in Indianapolis, is actively involved with the training and development of the ushers and believes that the Holy Spirit inspired her to put into print these "guidelines" for church ushers everywhere.

Sara Covin Juengst believes that Protestant churches have failed to provide the church teacher with basic knowledge about the Bible, theology, and doctrine. Because the quality of religious education is determined by the quality of its teachers, religious illiteracy has soared. Juengst proposes an innovative teacher-training course, and provides plans for teaching biblical background, basic beliefs, and teaching techniques.

In my youth I would watch the ushers at church and thought it would be neat to usher. It didn't look hard and I'd get to greet everyone. When I got old enough I volunteered and was hooked. After I was married and moved to the big city, the church I attend was very large, and like most churches they needed ushers. I was promoted very quickly and the responsibility didn't bother me.

Then I was drawn to a new daughter

church. This was a challenge, a brand new church. I offered what I could. When things got settled I was running one of the services. When the Head ushers spot came open I didn't think I was ready, so I prayed about it. A calmness came over me and I knew then it was what God wanted me to do.'
