Furnaces | 2020 Gas & Oil Home Furnaces | Trane® Heating

When your Trane Furnace is blinking a red light, it usually indicates there is a problem with the furnace. Different flash patterns indicate different problems. There is usually a code identification list located on the inside of the panel door. Remove the door then identify the blinking pattern compared to the list on the door. That will give ...

The new S9V2 furnace is more efficient in both heating and cooling, offers quiet operation, and maintains the DNA that Trane is known for: quality and reliability.
