When your Trane Furnace  
is blinking a red light, it  
usually indicates there is a  
problem with the furnace.  
Different flash patterns  
indicate different problems.  
There is usually a code  
identification list located on  
the inside of the panel  
door. Remove the door  
then identify the blinking  
pattern compared to the  
list on the door. That will  
give ...
