In this ground-breaking study, Aaron Devor provides a compassionate, intimate, and incisive look at the life experiences of forty-five trans men. Emerging into 21st-century political and social conversations, questions persist. Who are they? How do they come to know themselves as men? What do they do about it? How do their families respond? Who are their lovers? What does it mean for everyone else? To answer these and other questions, Devor spent years compiling in-depth interviews and researching the lives of transsexual and transgender people. Here, he traces the everyday and significant events that coalesce into trans identities, culminating in gender and sex transformations. Using trans men's own words as illustrations, Devor looks at how childhood, adolescence, and adult experiences with family members, peers, and lovers work to shape and clarify their images of themselves as men. With a new introduction, Devor positions the volume in twenty-first century debates of identity politics and community-building and provides a window into his own self-exploration as a result of his research.

The Riddle of Gender Pluto Press (UK)

NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES "Irreversible Damage . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts." —Janice Turner, The Times of London Until just a few years ago, gender dysphoria—severe discomfort in one ’ s biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country are coming out as “ transgender. ” These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans “ influencers. ” Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and “ gender-affirming ” educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to “ detransitioners ” —young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls ’ social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier ’ s essential book will help you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.

**Real Talk about LGBTQIAP** Simon and Schuster

One of TIME's 100 Must-Read Books of 2020. Longlisted for the 2021 Rathbones Folio Prize. "[Mark] Gevisser is clear-eyed and wise enough to have a sharp sense of how tough the struggle has been, and how hard it will be now for those who have not succeeded in finding shelter from prejudice." --Colm Tóibín, The Guardian A groundbreaking look at how the issues of sexuality and gender identity divide and unite the world today More than seven years in the making, Mark Gevisser's The Pink Line: Journeys Across the World's Queer Frontiers is an exploration of how the conversation around sexual orientation and gender identity has come to divide—and describe—the world in an entirely new way over the first two decades of the twenty-first century. No social movement has brought change so quickly and with such dramatically mixed results. While same-sex marriage and gender transition are celebrated in some parts of the world, laws are being strengthened to criminalize homosexuality and gender nonconformity in others. As new globalized queer identities are adopted by people across the world—thanks to the digital revolution—fresh culture wars have emerged. A new Pink Line, Gevisser argues, has been drawn across the globe, and he takes readers to its frontiers. Between sensitive and sometimes startling profiles of the queer folk he's encountered along the Pink Line, Gevisser offers sharp analytical chapters exploring identity politics, religion, gender ideology, capitalism, human rights, moral panics, geopolitics, and what he calls “the new transgender culture wars.” His subjects include a Ugandan refugee in flight to Canada, a trans woman fighting for custody of her child in Moscow, a lesbian couple campaigning for marriage equality in Mexico, genderqueer high schoolers coming of age in Michigan, a gay Israeli-Palestinian couple searching for common ground, and a community of kothis—“women's hearts in men's bodies”—who run a temple in an Indian fishing village. What results is a moving and multifaceted picture of the world today, and the queer people defining it. Eye-opening, heartfelt, expertly researched, and compellingly narrated, The Pink Line is a monumental—and urgent—journey of unprecedented scope into twenty-first-century identity, seen through the border posts along the world's new LGBTQ+ frontiers.

Butch is a Noun, the first book by activist, gender-jammer, and performer S. Bear Bergman,won wide acclaim when published by Suspect Thoughts in 2006: a funny, insightful, and purposely unsettling manifesto on what it meansto be butch (and not). In thirty-four deeply personal essays, Bear makes butchness accessibleto those who are new to the concept, and makesgender outlaws of all stripes feel as though theyhave come home. From girls' clothes to men'shaircuts, from walking with girls to hangingwith young men, Butch is a Nounchronicles the perplexities, dangers, and pleasures of living lifeoutside the gender binary.This new edition includes a new introduction by the author.

*Transgender Warriors* Lulu Press, Inc

"In Omnigender, winner of a Lambda Literary Award, Mollenkott bridges traditional religious doctrine and secular postmodern theory related to gender. Through an examination of the Hebrew and Christian scriptures and church history, and the

exploration of other religions and cultures, she honors the experiences of people who do not fit within the traditional binary concept of gender: intersexual, transsexual, or otherwise transgendered individuals. This revised and expanded edition includes a new section on the sexuality of Jesus, updated factual information, and insights from more than 36 recent sources."--BOOK JACKET.

Selected as a 2019 LGBT Book of the Year by Dazed and Ms. Magazine A ground-breaking anthology of writing on the topic of love, written by trans and non-binary people who share their thoughts, feelings and experiences of love in all its guises. The collection spans familial, romantic, spiritual and self-love as well as friendships and ally love, to provide a broad and honest understanding of how trans people navigate love and relationships, and what love means to them. Reclaiming what love means to trans people, this book provokes conversations that are not reflected in what is presently written, moving the narrative around trans identities away from sensationalism. At once intimate and radical, and both humorous and poignant, this book is for anyone who has loved, who is in love, and who is looking for love.

**Sex Changes** Limerence Press

'For anyone who's ever wished they had a smart, kind, friend with whom they could calmly and safely discuss gender issues: this most excellent book is that kind of friend'. - Kate Bornstein, author of Gender Outlaw Have you ever questioned your own gender identity? Do you know somebody who is transgender or who identifies as non-binary? Do you ever feel confused when people talk about gender diversity? This down-to-earth guide is for anybody who wants to know more about gender, from its biology, history and sociology, to how it plays a role in our relationships and interactions with family, friends, partners and strangers. It looks at practical ways people can express their own gender, and will help you to understand people whose gender might be different from your own. With activities and points for reflection throughout, this book will help people of all genders engage with gender diversity and explore the ideas in the book in relation to their own lived experiences.

**Valencia** Duke University Press

Published in 1993, this brave, original novel is considered to be the finest account ever written of the complexities of a transgendered existence. Woman or man? Thats the question that rages like a storm around Jess Goldberg, clouding her life and her identity. Growing up differently gendered in a blue-collar town in the 1950s, coming out as a butch in the bars and factories of the prefeminist 60s, deciding to pass as a man in order to survive when she is left without work or a community in the early 70s. This powerful, provocative and deeply moving novel sees Jess coming full circle, she learns to accept the complexities of being a transgendered person in a world demanding simple explanations: a he-she emerging whole, weathering the turbulence.

Lambda Literary Award for Best Book in Transgender Nonfiction, 2013 If feminist studies and transgender studies are so intimately connected, why are they not more deeply integrated? Offering multidisciplinary models for this assimilation, the vibrant essays in Transfeminist Perspectives in and beyond Transgender and Gender Studies suggest timely and necessary changes for institutions of higher learning. Responding to the more visible presence of transgender persons as well as gender theories, the contributing essayists focus on how gender is practiced in academia, health care, social services, and even national border patrols. Working from the premise that transgender is both material and cultural, the contributors address such aspects of the university as administration, sports, curriculum, pedagogy, and the appropriate location for transgender studies. Combining feminist theory, transgender studies, and activism centered on social diversity and justice, these essays examine how institutions as lived contexts shape everyday life.

*Lavender and Red* Alyson Publications

First published in 1999, the groundbreaking Exile and Pride is essential to the history and future of disability politics. Eli Clare's revelatory writing about his experiences as a white disabled genderqueer activist/writer established him as one of the leading writers on the intersections of queerness and disability and permanently changed the landscape of disability politics and queer liberation. With a poet's devotion to truth and an activist's demand for justice, Clare deftly unspools the multiple histories from which our ever-evolving sense of self unfolds. His essays weave together memoir, history, and political thinking to explore meanings and experiences of home: home as place, community, bodies, identity, and activism. Here readers will find an intersectional framework for understanding how we actually live with the daily hydraulics of oppression, power, and resistance. At the root of Clare's exploration of environmental destruction and capitalism, sexuality and institutional violence, gender and the body politic, is a call for social justice movements that are truly accessible to everyone. With heart and hammer, Exile and Pride pries open a window onto a world where our whole selves, in all their complexity, can be realized, loved, and embraced.

**Irreversible Damage** Beacon Press

Revised and Expanded Edition Wait—what's wrong with rights? It is usually assumed that trans and gender nonconforming people should follow the civil rights and "equality" strategies of lesbian and gay rights organizations by agitating for legal reforms that would ostensibly guarantee nondiscrimination and equal protection under the law. This approach assumes that the best way to address the poverty and criminalization that plague trans populations is to gain legal recognition and inclusion in the state's institutions. But is this strategy effective? In Normal Life Dean Spade presents revelatory critiques of the legal equality framework for social change, and points to examples of transformative grassroots trans activism that is raising demands that go beyond traditional civil rights reforms. Spade

explodes assumptions about what legal rights can do for marginalized populations, and describes transformative resistance processes and formations that address the root causes of harm and violence. In the new afterword to this revised and expanded edition, Spade notes the rapid mainstreaming of trans politics and finds that his predictions that gaining legal recognition will fail to benefit trans populations are coming to fruition. Spade examines recent efforts by the Obama administration and trans equality advocates to "pinkwash" state violence by articulating the US military and prison systems as sites for trans inclusion reforms. In the context of recent increased mainstream visibility of trans people and trans politics, Spade continues to advocate for the dismantling of systems of state violence that shorten the lives of trans people. Now more than ever, *Normal Life* is an urgent call for justice and trans liberation, and the radical transformations it will require.

*Social Services with Transgendered Youth* Macmillan

Presents a collection of speeches and essays about gender expression and the struggles of the gay, lesbian, bi, and transsexual community

Rainbow Solidarity in Defense of Cuba Trans Liberation

Through personal narratives and case studies, this fully updated second edition explores the childhood and adolescent experiences of transgendered persons. Addressing the differences between male-to-female (MTF) and female-to-male (FTM) individuals and identifying the specific challenges of transgender persons from diverse races, cultures, and religious backgrounds, this compelling book offers suggestions that will help social workers and the youths' families learn more about the reality of transgender persons' lives. Some of the areas discussed include: individual practice group work practice family-centered practice internal and external stress factors a new discussion of the legal issues that trans and gender variant youth face a new chapter on focusing on a recommendations for clinical treatment. Containing invaluable information on a topic that is not widely discussed or written about, the second edition of *Social Work Practice with Transgender and Gender Variant Youth* discredits negative stereotypes surrounding these youths and offers you insight into their experiences. Additionally, the chapters openly address questions that practitioners may have about gender identity as well as offer concrete and practical recommendations about competent and positive practice with this population. It will interest academics and social service practitioners seeking to know more and work effectively with transgender and gender variant youth.

Valencia is the fast-paced account of one girl's search for love and high times in the drama-filled dyke world of San Francisco's Mission District. Michelle Tea records a year lived in a world of girls: there's knife-wielding Marta, who introduces Michelle to a new world of radical sex; Willa, Michelle's tormented poet-girlfriend; Iris, the beautiful boy-dyke who ran away from the South in a dust cloud of drama; and Iris's ex, Magdalena Squalor, to whom Michelle turns when Iris breaks her heart.

*Trans Affirmations Coloring Book* World View Forum Pub

Transgender Marxism is the first volume of its kind, offering a provocative and groundbreaking synthesis of transgender studies and Marxist theory. Reflecting on the relations between gender and labour, it shows how these linked phenomena structure antagonisms in particular social and historical situations. While no one is spared gendered conditioning, the contributors argue that transgender people nonetheless face particular pressures, oppressions and state persecution. The collection makes a particular contribution to Marxist feminism and social reproduction theory, through both personal and analytic examinations of the social activity demanded of trans people around the world. Exploring trans lives and movements through a Marxist lens, the book also assesses the particular experience of surviving as trans in light of the totality of gendered experience under capitalism. Twinning Marxism with other schools of thought - including psychoanalysis, phenomenology and Butlerian performativity - Transgender Marxism ultimately offers an insight into transgender experience, and an exciting renewal of Marxist theory itself.
