Transcendence by CJ Omololu was a quick read with a deeply fascinating concept or reincarnation.

The feeling of transcendence I get  
when a piece is going well, the  
combination of contentment and  
exhilaration that makes it seem  
like I'm completely outside  
myself, is impossible to explain  
without sounding like a crazy  
person.

Transcendence by C.J.

Omololu. My Thoughts:

Transcendence is a fun story  
about reincarnation and love.  
And there's music in there in  
the form of a cello, which  
sort of thrilled me to pieces.  
Cole Ryan is visiting London  
with her sister and father  
when she starts having these  
very strange, oddly familiar  
visions.

### chapter 3 Transcendence

(Transcendence #1) by C.J. Omololu

...

CJ Omololu is the author of several YA novels, including THE THIRD TWIN, published before she passed away in 2015. Cynthia (C.J.) Omololu majored in English at U.C. Santa Barbara because she liked to read, not because she liked to write. Eventually, she discovered that the voices in her head often had interesting things to say.
