[Amazon.com: Customer reviews: Transcending CSS: The Fine ...](#)

I wrote Transcending CSS: The Fine Art of Web design, way back in 2006. As I explained, writing my first book was a challenge, personally and professionally. In the third part of Transcending CSS, I discussed grid design and layout inspiration from magazines and newspapers. It's a topic I returned to again and again.

Transcending CSS (??)
Transcending CSS is not

strictly a CSS book, it takes elements of a design book, and throws in pieces of CSS knowledge, and goodies into the mix. As the author says, the principles of this book, are to “allow web designers to focus on their creative goals without being preoccupied with technical constraints” The title really explains the idea of the book.

Andy Clarke's "Transcending CSS" is the first book on CSS that successfully marries the artistic and technical skills that are the heart of modern web design.

Art n Architecture - Resource, Blog and Gallery for Art ...

Earlier this year, New Riders gave me back the

publishing rights to my first book, *Transcending CSS: The Fine Art of Web Design*. I'd originally intended to post a PDF of the original book online, but the terms of my contract meant that I couldn't simply give away a copy of the book New Riders had produced. I needed a new plan.
