This volume on feminist, postcolonial and queer biblical interpretation gathers perspectives from a global body of researchers; in offering innovative interpretations of key texts from the Hebrew Bible, both established and emerging biblical scholars consider the question of how commonplace interpretative practices may be considered to be transgressive in nature. Utilizing innovative strategies, they read against the grain of the text and in support of the marginalized, the subordinated or subaltern others both in the text and in our world today. Important questions regarding power and privilege are constantly raised: whose voices are being heard, and whose interests are being served? Knowing all too well the harm that stereotypical constructions of the Other can do in terms of feeding racism, sexism, homophobia and imperialism in their respective interpretative communities, the essays in this volume interrogate constructions of ethnicity, gender, sexual orientation, and class, both in the text as well as in their respective contexts. By means of these thought-provoking interpretations, the contributors show their

commitment not merely the sake of scholarship but to a scholarly ethos, which in some shape or form contributes to the cultivation of more just, equitable societies.

Jovinianus, about whom little more is known than what is to be found in Jerome's treatise, published a Latin treatise outlining several opinions: That a virgin is no better, as such, than a wife in the sight of God. Abstinence from food is no better than a thankful partaking of food. A person baptized with the Spirit as well as with water cannot sin. All sins are equal. There is but one grade of punishment and one of reward in the future state.

What if you were studying for your Ph.D. in archaeology and somehow got trapped in first-century Jerusalem after a controversial physics experiment went horribly wrong? What if you knew from your history books that a kind and decent man was going to be murdered by the powers-that-be, all because of stupid politics? What if you could prevent the murder, but you knew it might endanger the person you loved most in the world? It's A.D. 57 and Rivka Meyers desperately wants to go home, but her husband Ari is a physicist, and he says they're stuck in the first century. He also says that the laws of physics say Rivka can't change history. Rivka knows he's wrong, and she's going to prove it by saving James the brother of Jesus from being murdered by the evil high priest. About The Book: Premonition is a time-travel suspense novel that mixes science, history, religion, romance, and adventure. It's about becoming the person you were meant to be. It's about learning to accept harsh reality when you'd really rather quit and go home. It's about

being a badass fighter for justice, even when you're fresh out of easy answers to hard questions. Premonition won the 2004 Carol award for best Christian historical novel. Premonition will take you on a wretched, miserable, dangerous vacation through the filthy, bandit-ridden streets of first-century Jerusalem. Premonition is the second novel in the City of God series: Book 1: Transgression (A.D. 57) Book 2: Premonition (A.D. 57-62) Book 3: Retribution (A.D. 62-66) Excerpt: Rivka stepped into the street. "Come here, little girl. I'll help you." Fear twisted the girl's face. She backed away. "Imma!" Rivka followed her. "I won't hurt you! I'll help you find your Imma." The child backed up further, stepping into the shadows of the narrow street. Rivka hurried forward. "I won't hurt" A shadow lunged toward her. Rivka screamed, spun, stumbled. Her oil lamp flew against the wall, broke into a thousand shards. The shadow fused into a grubby, bearded man with a very dirty face. Strong hands pinned her arms to her sides. "Get away from me!" Rivka kicked furiously. "Ari! Help! Baruch!" She twisted her head, trying to butt the man. Several men emerged from the shadows and surrounded her. Strong hands grabbed her hair and yanked back, stretching her neck painfully. A cold metal blade pressed against her throat.

In A.D. 410, a urgent crossroads in Western history, the Vandals, under the summon of their ruler, Alaric, caught the city of Rome. Rome was known as the Endless City on the grounds that the Romans believed that it would actually never fall, and the year 410 shook this conviction to its establishments and eventually prompted the crumple of the Roman Realm. The world itself appeared to have been decimated, and everybody looked for answers about what to do and what to have faith in. The individuals who clung to the melting away agnostic confidence rushed to accuse the Christians, guaranteeing that the divine beings had deserted Rome on the grounds that numerous Romans had neglected them and taken the new confidence. These Romans guaranteed that Christians were not sufficiently devoted on the grounds that they requested that individuals serve God as opposed to the state, and they supported absolutism toward adversaries. More vital, they said the Christian God had neglected to secure Rome, as he ought to have done, since Constantine had proclaimed him to be the one genuine God. The irate wrangling between the two groups provoked Augustine to start composing The City of God in 413. The initial ten books of The City of God, which make up the initial segment of the work, negate the agnostics' charges that Christians achieved the fall of Rome. The initial five books manage the agnostic conviction that individuals must love the old divine beings to accomplish material focal points in this

world, including the continuation of the Roman Domain and the matchless quality of the city of Rome. In book I, Augustine assaults the agnostics, who guaranteed that Rome fell on the grounds that the Christian religion had debilitated it, and he focuses on that hardship happens to everybody. In book II, he exhibits that the fall of Rome isn't a special occasion in mankind's history. The Romans endured cataclysms some time recently, notwithstanding when the old divine beings were in effect effectively adored, and those divine beings did nothing to keep those catastrophes from happening. He proposes Romans ended up noticeably frail as a result of these divine beings, since they surrendered themselves to good and profound defilement. In book III, Augustine keeps examining fiascoes that happened in agnostic circumstances to additionally demonstrate that Christianity did not make Rome fall. To commute home his point, he asks again for what good reason the old divine beings did not shield Rome previously.

In this masterful commentary, respected biblical scholar Bruce Waltke carefully interprets the message of the prophet Micah, building a bridge between Micah's ancient world and our life today. Waltke's Commentary on Micah quickly distinguishes itself from other commentaries on this book by displaying an unprecedented exegetical thoroughness, an expert understanding of historical context, and a keen interest in illuminating the contribution of Micah to Christian theology. Tackling hard questions about date and authorship, Waltke contends that Micah himself wrote and edited the nineteen sermons comprising the book. Waltke's clear analytical outline leads readers through the three cycles of Micah, each beginning with an oracle of doom and ending with an oracle of hope, decisively showing that hope wins over doom.

Learned yet amazingly accessible, combining scholarly erudition with passion for Micah's contemporary relevance, this book will well serve teachers, pastors, and students alike.

Seizing the opportunity to desert, David heads to London to lead a secret life, unaware that Jonathan too has left the forge in search of him. Lost and lonely, the vulnerable Jonathan quickly falls in with the Witchfinders, a group of extremists who travel the country conducting public trials of women suspected of witchcraft. Jonathan is drawn to the charismatic Michael, finally embracing a cause for truth so wholeheartedly, he doesn't recognize the danger - physical and emotional - that Michael represents. In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

*The Gothic Wanderer Rises Eternal in Popular Literature* From the horrors of sixteenth century Italian castles to twenty-first century plagues, from the French Revolution to the liberation of Libya, Tyler R. Tichelaar takes readers on far more than a journey through literary history. *The Gothic Wanderer* is an exploration of man's deepest fears, his efforts to rise above them for the last two centuries, and how he may be on the brink finally of succeeding. Tichelaar examines the figure of the Gothic wanderer in such well-known Gothic novels as "The Mysteries of Udolpho," "Frankenstein," and "Dracula," as well as lesser known works like Fanny Burney's "The Wanderer," Mary Shelley's "The Last Man," and Edward Bulwer-Lytton's "Zanoni." He also finds surprising Gothic elements in classics like Dickens' "A Tale of Two Cities" and Edgar Rice Burroughs' "Tarzan of the Apes." From Matthew Lewis' "The Monk" to Stephenie Meyer's "Twilight," Tichelaar explores a literary tradition whose characters reflect our greatest fears and deepest hopes. Readers will find here the revelation that not only are we all Gothic wanderers--but we are so only by our own choosing. Serge Mouret, the younger son of Francois Mouret (see *La Conquete de Plassans*), was ordained to the priesthood and appointed Cure of Les Artaud, a squalid village in Provence, to whose degenerate inhabitants he ministered with small encouragement. He had inherited the family taint of the Rougon-Macquarts, which in him took the same form as in the case of his mother--a morbid religious enthusiasm bordering on hysteria. Brain fever followed, and bodily recovery left the priest without a mental past. Dr. Pascal Rougon, his uncle, hoping to save his reason, removed him from his accustomed surroundings and left him at the Paradou, the neglected demesne of a ruined mansion-house near Les Artaud, where he was nursed by Albine, niece of the caretaker. The Abb fell in love with Albine, and, oblivious of his vows, broke them... (J. G. Patterson) Oxygen Duke University Press
