Afterburn / Aftershock
powerHouse Books
From sweet and savory to fluffy and flaky—tried-and-tested recipes made for the 21st-century outdoor adventurer. Most recipes are developed and employed at or close to sea level, so what is a baker to do if they live 5,000 feet higher? In *The Mountain Baker*, longtime mountain dwellers Mimi Council and Kimmy Fasani share their recipes for successful cakes, cookies, muffins, breads, and beyond. With their firsthand experience, Council and Fasani are just the women to talk about the science behind high-altitude baking and cooking. From hearty eats and apres snacks to decadent desserts,

these recipes include conversions for sea-level kitchens, so home bakers can enjoy these treats wherever they cook: Double Black Diamond Brownies, Honey Graham Pancakes, Rosemary Parmesan Biscotti, Pizza Bread, Snow Day Cake, and more.

With tips on why your alpine cakes are sinking or why your cookies are burning, this is the go-to resource to help readers fearlessly face their high-altitude kitchen or simply get in the outdoor spirit.

The Big Brother Book University Press of New England

This is the definitive history of the sport that has exhilarated and infatuated about 30 million Americans and Canadians over the course of the last fifty years.

Consummate insider John Fry chronicles the rise of a ski culture and every aspect of the sport's

development, including the emergence of the mega-resort and advances in equipment, technique, instruction, and competition. The Story of Modern Skiing is laced with revelations from the author's personal relationships with skiing greats such as triple Olympic gold medalists Toni Sailer and Jean-Claude Killy, double gold medalist and environmental champion Andrea Mead Lawrence, first women's World Cup winner Nancy Greene, World Alpine champion Billy Kidd, Sarajevo gold and silver medalists Phil and Steve Mahre, and industry pioneers such as Vail founder Pete Seibert, metal ski designer Howard Head, and plastic boot inventor Bob Lange. Fry writes authoritatively of alpine skiing in North America and Europe, of Nordic skiing, and of newer variations in the sport: freestyle skiing, snowboarding, and extreme skiing. He looks closely at skiing's relationship to the environment, its portrayal in the media, and its response to social and economic change. Maps locating major resorts, records of ski champions, and a timeline, bibliography, glossary, and index of names and places make this the definitive work on modern skiing. Skiers of all ages and abilities will revel in this lively tale of their sport's heritage.

Fuck You Heroes Mountaineers Books

The authors address the problems of determining the implications of different environmental standards and public policies by investigating their effect on industrial costs and resource use within linear-programming framework.

Now in its second printing, Fuck

You Heroes is photographer Glen E. Friedman's uncompromising look at the radicals of youth culture in the extreme worlds of skateboarding, punk and rap. From day one behind his camera, Friedman has had an unerring ability to be in the right place ahead of everybody else. He was a teenaged photographer for 'Thrasher' and 'Skateboarder' magazines, he created the seminal one-hit punk fanzine 'My Rules', worked with Black Flag and Suicidal Tendencies in their early days, wrote for Maximum Rock & Roll, did street promotion for Def Jam's west coast office and shot sleeve photos for everyone from Minor Threat to Public Enemy.

This book presents the photographic distillation of Glen's ethic: it's about the perfect shots of the people who live by the touchstones of intensity and integrity.

Snowboarding the World Censored 2005

Ultimately, the very thing that paralyzed most teachers is what set us free. What led to our success was that we dared. We dared and we experimented and we failed spectacularly before we succeeded. We were willing to keep trying. And so after a year and a half, here are the lessons we learned.

Understanding the Media

Hodder Gibson

Describes what avalanches are, how they occur, and how to protect oneself from avalanches.

The Story of Modern Skiing CRC Press

Business doesn't have to be boring! The Executive's Almanac is the Schott's Miscellany of business trivia, chock-full of surprising facts, lists, anecdotes, histories, diagrams, and more. We bet you didn't know that: Adidas and Puma are competing companies owned by estranged brothers, both headquartered in the German mill

town of Herzogenaurach. 314 acres of trees go into every Sunday edition of the New York Times. Soichiro Honda quit the company that bears his name because he lost his sexual potency and his ability to consume large amounts of alcohol. With whimsical illustrations and a unique design inspired by the Wall Street Journal, this lively companion will appeal to every business executive (and aspiring executive) in your life.

BRILL

This fully updated and expanded new edition continues to provide the most readable, concise, and easy-to-follow introduction to thermal physics. While maintaining the style of the original work, the book now covers statistical mechanics and incorporates worked examples systematically throughout the text. It also includes more problems and essential updates, such as discussions on superconductivity, magnetism, Bose-Einstein condensation, and climate change. Anyone needing to acquire an intuitive understanding of thermodynamics from first principles will find this third edition indispensable. Andrew Rex is professor of physics at the University of Puget Sound in Tacoma, Washington. He is author of several textbooks and the popular science book, **Commonly Asked Questions in Physics.**
