National Travel Survey Cambridge University Press

The Uncommercial Traveller is a collection of literary sketches and reminiscences written by Charles Dickens, published in 1860-1861. In 1859 Dickens founded a new journal called All the Year Round and the Uncommercial Traveller articles would be among his main contributions. He seems to have chosen the title and persona of the Uncommercial Traveller as a result of a speech he gave on 22 December 1859 to the Commercial Travellers' School London in his role as honorary chairman and treasurer. The persona sits well with a writer who liked to travel, not only as a tourist, but also to research and report what he found visiting Europe, America and giving book readings throughout Britain. He did not seem content to rest late in his career when he had attained wealth and comfort and continued travelling locally, walking the streets of London in the mould of the fl â neur, a 'gentleman stroller of city streets'. He often suffered from insomnia and his night-time wanderings gave him an insight into some of the hidden aspects of Victorian London, details of which he also incorporated into his novels.

The Living Age Cambridge University Press

INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Census of Transportation Language Success Press

Semantics Simon and Schuster

National Book Award Finalist: “ This man ’ s ideas may be the most influential, not to say controversial, of the second half of the twentieth

century. ” —Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “ Don ’ t be put off by the academic title of Julian Jaynes ’ s The Origin of Consciousness in the Breakdown of the Bicameral Mind. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor. ” —The New York Times “ When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis. ” —John Updike, The New Yorker “ He is as startling as Freud was in The Interpretation of Dreams, and Jaynes is equally as adept at forcing a new view of known human behavior. ” —American Journal of Psychiatry

The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao ’ s impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord ’ s concubine; her mother ’ s struggles as a young idealistic Communist; and her parents ’ experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a “ barefoot doctor, ” a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately

uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.
