Traffic-Free Cycle Trails by Nick Cotton contains over 400 cycle routes in Great Britain. First published in 2004 and regularly updated ever since, it has become one of the country's most popular cycling books, and this fourth edition published in 2020 features a large number of updates and revisions. Traffic-Free Cycle Trails includes a great variety of routes on former railway paths, canal towpaths and forest trails in England, Scotland and Wales – and every ride is away from traffic. For that safe and peaceful bike ride, increasingly the target of families and leisure cyclists alike, Nick Cotton's guidebook has proven invaluable. Discover previously unknown local trails, plan fun rides for all the family, and travel to unfamiliar areas throughout the UK with quality routes. Presented in an easy-to-use format and packed with useful information in ten regional sections, it includes route descriptions of rides in every part of Britain. From novice riders looking to escape traffic to parents planning safe rides with children, let Traffic-Free Cycle Trails take the work out of finding the UK's best cycling routes.

In recent years, brushless DC motors and controllers have begun an unparalleled triumph in model construction and in all technical fields. This book is intended to show how a brushless motor works. The basic principle is discussed first, before all the key terms such as kV and rpm/V, operating voltage, load and idle current, torque, turns, electrical and mechanical power, losses, efficiency, etc. are explained. A brushless motor can't work without a brushless controller, it requires a three-phase AC voltage. To increase the speed properly, the controller must have information on the rotor position. This can be done by Hall sensors or directly via the motor windings. All that will be taken into account in the book.

In 1990 the author became the proud owners of Stow Farm, with the approval of the Zanu-PF government. In February 2000 a mob of 'veterans' claimed the farm was now their property. This is the account of what then happened, her family's experiences when their home, livelihood and investment is taken from them.
