A great collection of stories for lovers of intrigue, mystery and action. This special volume of Inferno! includes eleven short stories featuring agents of the iconic Imperial Inquisition. From puritan witch hunters to radicals of the Ordo Xenos, these ruthless individuals will stop at nothing to purge the galaxy of heresy in the Emperor ' s name!

Mindshackle by Robert Rath
The legendary Inquisitor Katarinya Greyfax recounts

the tale of how she became part of a necron overlord ' s collection. Encountering a rogue inquisitor, a mysterious xenos artefact and a chaostainted world, she and her valiant retinue of Kappic Eagles come to learn many dark truths about the galaxy... Recongregator by David Annandale In his voidborne pursuit of the heretic saint Ephrael Stern, radical inquisitor Otto Dagover is lured into an ambush by one of his ruthless adversaries in the Ordo Hereticus. But the wily Dagover has more than

a few tricks up his sleeve – xenos technology among them – to give him the advantage over his puritan foe. Lepidopterophobia by Dan Abnett Taking place in the epic Ravenor vs. Eisenhower storyline, this tale sees inquisitorial prot é g é Medea Betancore scouring the darkest corners of Queen Mab for an esoteric text. She finds what she is looking for, and much more besides, in an obscure bookshop in a dark corner of the city. Here, she is brought face to face with her greatest fears made

manifest.

A fresh, witty rom-com romp set against the backdrop of a high-profile music competition and a riotous Indian wedding

Zurika Damani is a naturally gifted violinist with a particular love for hip hop beats. But when you're part of a big Indian

family, everyone has expectations, and those certainly don't include hip hop violin. After being rejected by Juilliard, Zuri's last hope is a contest judged by a panel of top tier college scouts. The only problem? This coveted competition happens to take place during Zuri's sister's extravagant wedding week. And Zuri has already been warned, repeatedly, that she is not to miss a single moment. In the midst of the chaos, Zuri's mom is in matchmaking mode with the groom's South African

cousin Naveen—who just happens to be a cocky vocalist set on stealing Zuri ' s spotlight at the scouting competition. Luckily Zuri has a crew of loud and loyal female cousins cheering her on. Now, all she has to do is to wow the judges for a top spot, evade getting caught by her parents, resist Naveen ' s charms, and, oh yeah . . . not mess up her sister ' s big fat Indian wedding. What could possibly go wrong?

Pathfinder Lost Omens: Monsters of Myth America Through Time
The road less traveled is not in the best shape, and that's okay, because it leads to gold. Follow author Jerry Winnett on his photographic adventures across the state of Tennessee as he searches for abandoned roadside gold. No building is ever truly abandoned. People still frequent them and leave evidence of their

passing, such as bottles of beer, graffiti, trash, furniture, and campfires. These treasures--old boats, empty houses, silent graves, and more--are all out there, just waiting to be explored and give up their ghosts. So, take a day and take a chance. Lose yourself in what was and discover the beauty in the forgotten.

Using Japanese paper on digitally printing photos can yield tremendous results for photographers who are interested in experimenting with new methods. But beware: The common concept of how photographs should look will be challenged if you decide to use this technique. Carl-Evert

Jonsson shares his experiences using the experimental technique in this book. After using Japanese papers (washi) for paintings and collages, he started to use the papers for his photos.

This technique is not an alternative to classic film-based photography. Ink is injected from a cartridge in a printer connected to a computer then the image is reproduced on printable washi paper.

Darkroom facilities are not needed. All you need is a computer, printer, washi, and photos. The liveliness of washi fibres gives a softer result, and washi is more absorbent than

Western papers, with the ink appearing integrated rather than sitting on the printed surface.

Find out how to use a method that will give new life to photos with the insights in this unique photography book.
