Traxxas engineers equipped the T-Maxx 3.3 with an extended wheelbase (30 mm longer) for maximum stability. T-Maxx is able to put more power the ground for even more acceleration and amazing directional control. There's no skimping when it comes to the chassis. It's formed from 4 mm thick 6061-T6 aluminum and then anodized in brilliant blue.

I have an original T-Maxx with the .15 engine and wondered if anyone had a link to a parts list and a manual for it. All the manuals online for the 4910 are for the second generation with the 2.5 engine. Even though the model numbers are the same, some of the parts are different. Found some links to the manual on the forums here, but the links are no longer valid.
