most people.

This presents an uncomfortable question: do we change our lives in accordance with Scripture or do we change Scripture to fit our lives? Virgil Vogt argues that we undermine Scripture's authority when we disregard its teaching about wealth or when we conclude that such teaching cannot be applied in a complex, modern economy. The

Bible, Vogt says, is still the best guide to economic life. Scripture teaches a consistent word about our possessions: we are to use the things we have to gain eternal riches. This teaching, coupled with the principle of stewardship, should govern our economic lives. But it takes courage along with genuine faith and a single-minded

determination to live according to the Bible's standard in this area. 'Treasure in Heaven' offers a challenge for all Christians who want to bring their finances into line with God's Word. *God's Answers for Your Life* WestBow Press Discover how the joy of giving can make your life richer, starting today.

Readers are moved from the realms of thoughtful Bible exposition into the highly personal arena of everyday life. Because when Jesus told His followers to "lay up for yourselves treasures in heaven," He intended that they discover an astounding secret: how joyful giving brings God maximum glory and His children maximum pleasure. In The Treasure Principle, you'll unearth a radical teaching of Jesus—a secret wrapped up in giving. Once you discover this secret, life will never look the same. And you won't want it to be.
