Stranger God HarperCollins

Mary O'Reilly's life was changed when she stepped between a drug dealer's bullet and her beloved older brother. Instead of "going to the light" when she died on the operating table, she was given a choice—a choice that would change her life.

Brian Eno Baker Books

A stunning compilation of research into War Department files, pretrial and trial testimony (the actual words), newspaper accounts and manuscript collections. Powerful Cabinet members, popular generals, forceful politicians and others: This book probes the background and character of everyone involved.

History of Windham County, Connecticut: 1600-1760 Oxford University Press

“ Fans of The Sound of Music will find plenty to please them in [this] history of the sweeping musical. ”

—Kirkus Reviews On March 2, 1965, The Sound of Music was released in the United States and the love affair between moviegoers and the classic Rodgers and Hammerstein musical began. Rarely has a film captured the love and imagination of the moviegoing public the way The Sound of Music did as it blended history, music, stunning Austrian locations, heartfelt emotion—and the yodeling of Julie Andrews—into a monster hit. Now, Tom Santopietro has written the ultimate book for fans with behind the scenes stories of the filming, new interviews with Johannes von Trapp and others, photographs, and more. He looks back at the real life story of Maria von Trapp, goes on to chronicle the sensational success of the Broadway musical, and recounts the near cancellation of the film when Cleopatra bankrupted 20th Century Fox. He reveals the actors who were also considered for the roles of Maria and Captain von Trapp, and provides a historian ' s critical analysis of the careers of director Robert Wise and screenwriter Ernest Lehman. He also takes a look at the critical controversy that greeted the movie, its relationship to the turbulent 1960s, and the superstardom that engulfed Julie Andrews. The Sound of Music Story is for everyone who cherishes this American classic.

The Next Mormons Abingdon Press

A cosmetologist - L.J. Carter (Louella Jo for the folks who knew her when she was growing up) returns to her hometown of Julep, Mississippi for her mother's funeral. After flying out of JFK and arriving at the Biloxi Airport, she is greeted by a woman who not only knew her mother but has some disturbing information to share with L.J. about her mother's death. A card file - Like any good stylist, Jeannette Carter kept all of the important information about her customers on index cards, filed in an old, metal card file. But Jeannette didn't just keep the latest hairstyles and coloring information, she also kept bits of gossip and information her customers told her. It was innocent enough - she just wanted to be sure she remembered what they told her when they were together. But after a customer is murdered, the innocent card file could be the motive for another death. Bless Your Heart - welcome to Julep, Mississippi, right on the Gulf Coast. Where neighbors have known each other for generations. Where the local hair salon has more information about what's going on in town than either the local paper or the local sheriff's department. The owner of the bakery knows you by name. The minister of the biggest church in town has more clout than the mayor. And people say "Bless Your Heart" for all kinds of reasons, the least of which is when they're ready to insult you.

A History of the Future in 100 Objects LSU Press

In the early days of the rebellion, a tight-knit group of rebels from various backgrounds banded together against all odds to do their part in the larger mission of defeating the Galactic Empire, sparking hope across the galaxy. The award-winning team from Lucasfilm Animation brought the beloved occupants of the Ghost into our homes five years ago, now, take a step behind-the-scenes to witness the journey from paper to screen with The Art of Star Wars Rebels. Featuring never-before-seen concept art and process pieces along with exclusive commentary from the creative team behind the show.

The Sound of Music Story Penguin

In this six week video study, Adam Hamilton explores the key points in his new book, Making Sense of the Bible. With the help of this Leader Guide, groups learn from Hamilton as his video presentations lead groups through the book, focusing on the most important questions we ask about the Bible, its origins and meaning.

The Devil's Chessboard Intellect (UK)

Musician, composer, producer: Brian Eno is unique in contemporary music. Best known in recent years for producing U2's sensational albums, Eno began his career as a synthesizer player for Roxy Music. He has since released many solo albums, both rock and ambient, written music for film and television

soundtracks, and collaborated with David Bowie, David Byrne, Robert Fripp, and classical and experimental composers. His pioneering ambient sound has been enormously influential, and without him today's rock would have a decidedly different sound. Drawing on Eno's own words to examine his influences and ideas, this book—featuring a new afterword and an updated discography and bibliography—will long remain provocative and definitive.

Lincoln's Assassins Simon and Schuster

The man smiled at Timmy. "That would be nice of you. Why don't you lead the way?" Timmy moved past the man and started back up the hill. He heard the whoosh of something moving quickly through the air, but it hit him before he had time to react. He felt the impact against his head and his whole body flew sideways through the air. Landing in the dense ground cover, his face was momentarily buried in loose dirt, pine needles, dried leaves and twigs. Lifting his head, he took a deep breath and started to scramble away on his hands and knees. A strong hand caught him by the neck and pushed him back into the dirt. "Sorry, Timmy, I can't let you go now," the man whispered. "You'd tell." Timmy Beck, Fireman Mike Richards' boyhood friend, was killed twenty years ago, but everyone in the town is sure they caught the right man...or did they? Why is Timmy's ghost still haunting Lake Le-Aqua-Na? Mary, Bradley, Ian and Mike investigate and find the true murderer may be much closer than they had ever expected.

The Art of Star Wars Rebels Limited Edition Vintage

"If discipleship is a journey, this book belongs in the rucksack. . . Like the scriptures on which it is based, it deserves repeated reading." Stephen Cherry, Dean of Kings College, Cambridge This fresh and inspiring look at the meaning of discipleship covers the essentials of the christian life, including: faith, hope and love; forgiveness; holiness; social action; life in the Spirit. Written for the general reader by one of our greatest living theologians, this book will help you to see more clearly, love more dearly and follow more nearly the way of Jesus Christ.

Reign of Terror Princeton University Press

A startling exploration of the history of the most controversial book of the Bible, by the bestselling author of *Beyond Belief*. Through the bestselling books of Elaine Pagels, thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels. As one of the world's foremost religion scholars, she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity. Her new book, however, tackles a text that is firmly, dramatically within the New Testament canon: The Book of Revelation, the surreal apocalyptic vision of the end of the world . . . or is it? In this startling and timely book, Pagels returns The Book of Revelation to its historical origin, written as its author John of Patmos took aim at the Roman Empire after what is now known as "the Jewish War," in 66 CE. Militant Jews in Jerusalem, fired with religious fervor, waged an all-out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple. Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome. Soon after, however, a new sect known as "Christians" seized on John's text as a weapon against heresy and infidels of all kinds—Jews, even Christians who dissented from their increasingly rigid doctrines and hierarchies. In a time when global religious violence surges, *Revelations* explores how often those in power

throughout history have sought to force "God's enemies" to submit or be killed. It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent, violence, and division in the world's religions, and to appreciate the lasting appeal of this extraordinary text.

Veiled Passages Createspace Independent Publishing Platform

What increasingly affects all of us, whether professional planners or individuals preparing for a better future, is not the tangibles of life—bottom-line numbers, for instance—but the intangibles: our hopes and fears, our beliefs and dreams. Only stories—scenarios—and our ability to visualize different kinds of futures adequately capture these intangibles. In *The Art of the Long View*, now for the first time in paperback and with the addition of an all-new User's Guide, Peter Schwartz outlines the "scenic" approach, giving you the tools for developing a strategic vision within your business. Schwartz describes the new techniques, originally developed within Royal/Dutch Shell, based on many of his firsthand scenario exercises with the world's leading institutions and companies, including the White House, EPA, BellSouth, PG&E, and the International Stock Exchange.

The Radiance of Pigs Createspace Independent Publishing Platform

The Man Booker prize-winning author's critically acclaimed selection of the best Irish short stories of the last sixty years, following Richard Ford's best-selling *Granta Book of the American Short Story*.

Delayed Departures - a Mary O'Reilly Paranormal Mystery Association for Supervision & Curriculum Development

The inspirational, true story of how Frederick Douglass found his way to freedom one word at a time. This picture book biography chronicles the youth of Frederick Douglass, one of the most prominent African American figures in American history. Douglass spent his life advocating for the equality of all, and it was through reading that he was able to stand up for himself and others. Award-winning husband-wife team Lesa Cline-Ransome and James E. Ransome present a moving and captivating look at the young life of the inspirational man who said, "I would unite with anybody to do right and with nobody to do wrong."

Revelations Macmillan + ORM

American Millennials--the generation born in the 1980s and 1990s--have been leaving organized religion in unprecedented numbers. For a long time, the Church of Jesus Christ of Latter-day Saints was an exception: nearly three-quarters of people who grew up Mormon stayed that way into adulthood. In *The Next Mormons*, Jana Riess demonstrates that things are starting to change. Drawing on a large-scale national study of four generations of current and former Mormons as well as dozens of in-depth personal interviews, Riess explores the religious beliefs and behaviors of young adult Mormons, finding that while their levels of belief remain strong, their institutional loyalties are less certain than their parents' and grandparents'. For a growing number of Millennials, the tensions between the Church's conservative ideals and their generation's commitment to individualism and pluralism prove too high, causing them to leave the faith—often experiencing deep personal anguish in the process. Those who remain within the fold are attempting to carefully balance the Church's strong emphasis on the traditional family with their generation's more inclusive definition that celebrates same-sex couples and women's equality. Mormon families are changing too. More

Mormons are remaining single, parents are having fewer children, and more women are working outside the home than a generation ago. The Next Mormons offers a portrait of a generation navigating between traditional religion and a rapidly changing culture.

The Fredericksburg Campaign Skyhook

The battle at Fredericksburg, Virginia, in December 1862 involved hundreds of thousands of men; produced staggering, unequal casualties (13,000 Federal soldiers compared to 4,500 Confederates); ruined the career of Ambrose E. Burnside; embarrassed Abraham Lincoln; and distinguished Robert E. Lee as one of the greatest military strategists of his era. Francis Augustín O'Reilly draws upon his intimate knowledge of the battlegrounds to discuss the unprecedented nature of Fredericksburg's warfare. Lauded for its vivid description, trenchant analysis, and meticulous research, his award-winning book makes for compulsive reading.

Being Disciples Createspace Independent Publishing Platform

Now in paperback, Stan Rice's most recent collection brims with dynamic, unpredictable poems that delve into the darker reaches of humor and experience.

Women, Race, & Class McFarland

What are the 100 objects, ideas, developments, or events that future historians will use to sum up our century? Smart drugs that change the way we think? A wedding ring between a human and an AI? A society which no longer has work to do? A cure for hate? Adrian Hon's eloquent, playful and informed survey takes its cue from the popular BBC Radio 4 Series A History of the World in 100 Objects, and explores what the future might hold - not just in the fields of technology and science, but also religion, advertising, wars, economics, fashion, education and politics. These hundred essays, hybrids of near fact and outright fiction, gather personal experiences, newspaper stories, official reports and scientific papers in a speculative narrative of how we will live, work and play. [Book description]

Making Sense of the Bible [Leader Guide] Penguin

Jeannine appeared in the room across from Mary. Her face was streaked with tears and she was visibly trembling. "Mary, I remembered," she cried. "I remembered and it was awful." The time has finally come for Mary to investigate Jeannine's murder. As all clues point to someone in Bradley's old neighborhood, Mary and Ian move in to the former Alden residence and pose as newlyweds to set Mary up as bait for the killer. With Stanley and Rosie at their side, they expose the darkness hidden in the depths of Bradley's old neighborhood.

Native Dark Horse Books

A New York Times Critics' Top Book of 2021 "An impressive combination of diligence and verve, deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20 years that is upsetting, discerning and brilliantly argued." —The New York Times "One of the most illuminating books to come out of the Trump era." —New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation, at home and abroad, the United States has waged an endless conflict known as the War on Terror. In addition to multiple ground wars, the era pioneered drone strikes and industrial-scale digital surveillance; weakened the rule of law through indefinite detentions; sanctioned torture; and manipulated the truth about it all. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims

and immigrants has become a normalized feature of American politics and national security, expanding the possibilities for applying similar or worse measures against other targets at home, as the summer of 2020 showed. A politically divided and economically destabilized country turned the War on Terror into a cultural—and then a tribal—struggle. It began on the ideological frontiers of the Republican Party before expanding to conquer the GOP, often with the acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. And that door remains open. Reign of Terror shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump. It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. By the end of his tenure, the war had metastasized into a bitter, broader cultural struggle in search of a demagogue like Trump to lead it. Reign of Terror is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life.

Called to Bless Brazos Press

From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.
