LONGLISTED FOR THE WAINWRIGHT PRIZE The collected writings from one of the nation's most celebrated nature writers. 'Barkham is an outstanding author.' CHRIS PACKHAM 'Wonder-filled . . . A treat. Patrick knows how to tell a good story, and that combination of kindness, wonder and good fortune that seems to be present in his own life shines through.'

CAUGHT BY THE RIVER

What is happening to nature?

What are we as a species doing about it? What have we learned?

Wild Green Wonders paints a portrait of contemporary wildlife, bearing witness to the many changes imposed upon the planet and the challenges lying ahead for the future of nature. From peregrine falcons nesting by the Thames to a conversation with Sir David Attenborough; from protests against the HS2 railway to an encounter with Britain's last lion tamer, this collection - drawn from twenty years' worth of Patrick Barkham's writing for the Guardian - forms a joyful, fascinating and enlightening chronicle of one of the nation's most celebrated nature writers.

'Outstanding nature journalism.'

HORATIO CLARE 'A heralded nature writer.'
THE TIMES 'A lovely, fluid writer.'

In unabashed celebration
of Captain James T.

Kirk 's singular fighting skills, Star Trek: Kirk Fu Manual is every Starfleet cadet's must-have training guide for surviving the final frontier. As captain of the legendary U.S.S. Enterprise, James T. Kirk engaged in his share of fisticuffs, besting opponents with a slick combination of moves and guile that remains unmatched. Is there anyone you 'd rather have watching your back as you take on Klingons, alien gladiators, genetically engineered supermen, and even the occasional giant walking reptile? Kirk Fu is a series of unarmed combat techniques developed by one of Starfleet 's most celebrated starship captains over several years of encounters with

alien species on any number of strange new worlds. A blend of various fighting styles, Kirk Fu incorporates elements of several Earth-based martial arts forms as well as cruder methods employed in bars and back alleys on planets throughout the galaxy. It is as unorthodox in practice as it is unbelievable to behold. Including excerpts from Kirk's own notes and personal logs, the *Star Trek: Kirk Fu Manual* is the perfect training guide for surviving the depths of space. With proper training and practice, every Starfleet cadet can become one with Kirk Fu. *The Complete Trailer Manual*

On the Hawaiian island of Kauai, ex-SEAL Coby MacKenzie is training a secret

special-operations unit called Ghost Eagle 1, Team Kamehameha. On the team are Shane Waters, Will Bottoms, and Kalee Jourden. They are 16 years old. Also on the team are Eiji Ahana and Roby MacKenzie, ages 14 and 13. They were warned that they might face extreme danger. Now it's here. Black Dragon agents have slipped onto Kauai to take possession of a stolen, high-value package. Team Kamehameha's mission: intercept the package. If they fail, the Hawaiian Islands could be wiped off the face of the earth. Time is running out. [Catalog of Copyright Entries. Third Series](#) iUniverse

editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured. Millennium Falcon Workman Publishing Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology,

information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. Kemlo and the Craters of the Moon Citadel Press The Santora family ride again in the side-splitting sequel to Greetings From Jamaica, Wish You Were Queer Billboard Scholastic Inc. The U.S.S. Enterprise is without doubt the most famous starship in history. The vessels that have carried the name have saved the galaxy countless times and her

captains, including Archer, Kirk, and Picard, have been legendary. This Haynes Manual provides in-depth information about these extraordinary ships, from the Enterprise NX-01, to Captain Kirk's Enterprise NCC-1701 and Captain Picard's Enterprise NCC-1701-D including histories of each vessel, technical information about their systems, and discussions of key technologies such as transporters and warp-speed travel. Find out exactly what powered these ships, how they were armed and what it took to operate them. The book features newly created artwork throughout, including

full-ship cutaways of each Enterprise, key systems, and interior locations together with detailed new exterior views by one of Star Trek's original visual effects artists. This Haynes Manual is fully authorized by CBS and technical consultant Michael Okuda, who spent thirteen years working on Star Trek TV series and movies. **Last Lecture** Thames Hudson
An in-world book from the Marvel Cinematic Universe, **The Wakanda Files**—compiled by request of Shuri (Black Panther and Avengers: Infinity War) as part of her quest to improve

the future for all people—is a collection of papers, articles, blueprints, and notes amassed throughout history by Wakanda’s War Dogs. In a nod to Wakandan technology, the pages of the book have a printed layer of UV ink with content that is visible only under the accompanying Kimoyo bead-shaped UV light. Within the Marvel Cinematic Universe (MCU), Wakanda has been on the forefront of what is technologically possible. Their ability to stay

ahead of the rest of the world is second only to their ability to keep themselves hidden. As the architect behind many of Wakanda’s great advancements, Shuri is constantly seeking ways to improve what has come before. To aid in her search, she researches the past for context, reference, and inspiration by compiling The Wakanda Files. Organized into areas of study, including human enhancement, transportation, weapons, artificial intelligence, and more, The Wakanda

Files trace the world's technological achievements from the era of Howard Stark and early Hydra studies to modern discoveries in quantum tunneling and nanotechnology, weaving together the stories, personalities, and technology that are the fabric of the MCU.

Journey to the final frontier of sci-fi zombie horror! Jim Pike was the world's biggest Star Trek fan—until two tours of duty in

Afghanistan destroyed his faith in the human race. Now he sleepwalks through life as the assistant manager of a small hotel in downtown Houston. But when hundreds of Trekkies arrive in his lobby for a science-fiction convention, Jim finds himself surrounded by costumed Klingons, Vulcans, and Ferengi—plus a strange virus that transforms its carriers into savage, flesh-eating zombies! As bloody corpses stumble to life and the planet teeters on the brink of total apocalypse,

Jim must deliver a ragtag crew of fanboys and fangirls to safety. Dressed in homemade uniforms and armed with prop phasers, their prime directive is to survive. But how long can they last in the ultimate no-win scenario?

Elementary-school
teacher Diane
Trull's life-

defining moment happened when her fourth-grade reading class saw a photo of a cardboard box overflowing with homeless puppies. Her young students were determined to save these lost pups and others like them. In that moment, the Dalhart Animal Wellness Group and Sanctuary—known as DAWGS—was born. How Trull and her fourth graders started their own animal shelter is a story of dedication, commitment, and perseverance. Trull shares inspiring stories about

animals and animal lovers of all ages in this moving story of hope and compassion. DAWGS is a testament to how love and a strong measure of determination can offer second chances—one animal, one child, and one day at a time. "Get ready to feel a lot. This book is inspiring all along the way." —Bernadette Peters, award-winning actress "I'm blown away. I hope this story reaches thousands of readers." —Susan Wilson, New York Times bestselling author of One Good Dog "I loved DAWGS!

It will inspire you and warm your heart." –Kristin von Kreisler, bestselling author of *An Unexpected Grace*

Backpacker Faber & Faber

Wilma: An Alaska Tale of One Teacher, Two Teenagers, and Three Wolverines combines Alaska adventures and teenage life in the 1970s. It is the story of Pam Walker, Tom Lerner, and their junior high school biology teacher, William Marx. The action moves from an Anchorage classroom to the hilarious capture of a female wolverine named Wilma in the Alaska wilderness. A side trip to a science fair in Texas, a thrilling hunting expedition and a

developing romance all culminate on a very realistic note. The antics of Wilma's kits, Wendy, and Willy, weave in and out of the narrative. The result is a young adult novel that is both entertaining and educational. There are very few wolverine novels published and those that do exist contain many inaccuracies. This story will give the reader an accurate understanding of this wary and difficult to observe animal.

Students will be encouraged to get involved in their local science fairs. *The Bendersons: And The Somali Pirates* Penguin

Simon and Schuster Nell Ingram faces a dark magic with no known origin in the newest pulse-pounding paranormal procedural in the New York Times bestselling Soulwood series. Nell is a rookie PsyLED agent, using the powers she can channel from deep within the earth to solve paranormal crimes. Together

with her team, she's taken on the direst magic and the most twisted foes. But she'll need to tap into every ounce of power she has for her newest case. Nell is called to the Tennessee mansion of a country music star and finds a disturbing scene—dead bodies rapidly decaying before everyone's eyes. The witch on her team, T. Laine, has never seen magic that can steal life forces like this. PsyLED needs to find this lethal killer fast. But when a paranormal-hating

FBI agent tries to derail the investigation, and the dark magics begin to spiral out of control, they find themselves under attack from all sides.
