about TRICKS

`Triangles' is the first adult novel that Ellen Hopkins has written and I think it was absolutely brilliant. `Triangles' was the story of three women whose lives connect in multiple ways, some of those ways being through friendship, tragedy, and family. As these stories unfolded I really got pulled into their worlds and I couldn't get enough.

I've recently read a few of
Ellen Hopkins' YA books
and really enjoyed them.
Since she usually does YA

work I decided to try her first
adult book. She's known for
tackling taboo subjects in
her YA books, and she does
so just as much in
Triangles. A few things
discussed are affairs,
threesomes, swinging and
much more.
