Triangulating Peace Democracy ...

In *Triangulating Peace*, Russett and Oneal argue that democracy, economic interdependence and international organizations together lead to peace and they prevent war and/or conflict. They reach this conclusion after a well-studied statistical analysis that embraces all militarized inter-state disputes from 1885 to 1994.

Triangulating Peace tackles today's most provocative hypothesis in the field of international relations: the democratic peace proposition. Drawing on ideas originally put forth by Immanuel Kant, the authors argue that democracy, economic interdependence, and international mediation can successfully cooperate to significantly reduce the chances of war.
