Nominated for the 2022 BookTube Prize in Nonfiction Anthony Bourdain's long time director and producer takes readers behind the scenes to reveal the insanity of filming television in some of the most volatile places in the world and what it was like to work with a legend. In the nearly two years since Anthony Bourdain's death, no one else has come close to filling the void he left. His passion for and genuine curiosity about the people and cultures he visited made the world feel smaller and more connected. Despite his affable, confident, and trademark snarky TV persona, the real Tony was intensely private, deeply conflicted about his fame, and an enigma even to those close to him. Tony's devoted crew knew him best, and no one else had a front-row seat for as long as his director and producer, Tom Vitale. Over the course of more than a decade traveling together, Tony became a boss, a friend, a hero and, sometimes, a tormentor.In the Weeds takes readers behind the scenes to reveal not just the insanity that went into filming in some of the most far-flung and volatile parts of the world, but what Tony was like unedited and off-camera. From the outside, the job looked like an all-expenses-paid adventure to places like Borneo, Vietnam, Iran, the Democratic Republic of Congo, and Libya. What happened off-camera was far more interesting than what made it to air. The more things went wrong, the better it was for the show. Fortunately, everything fell apart constantly.

Dr. Michel Cohen, named by the New York Post as the hip, "must-have" pediatrician, has an important message for parents: Don't worry so much. In an easy-reference alphabetical format, The New Basics clearly lays out the concerns you may face as aparent and explains how to solve them -- without fuss, without stress, and without harming your child by using unnecessary medicines or interventions. With sensitivity and love, Dr. Michel describes proven techniques for keeping your children healthy and happy without driving yourself crazy. He will show you how to set positive habits for sleeping and eating and how to treat ailments early and effectively. You'll learn when antibiotics are helpful and when they can be harmful. If you're having trouble breast feeding, pumping, or bottle weaning, Dr. Michel has the advice to set you back on track. If after several months your baby is still not sleeping through the night, The New Basics will provide you with tried-and-true methods to help ease this difficult transition for babies and parents. Dr. Michel recognizes that you're probably asking the same questions his own patients' parents frequently ask, so he includes a section called "Real Questions from Real Parents" throughout the book. More than just a book on how to care for your child's physical well-being, The New Basics also covers such parenting challenges as biting, hitting, ADD, separation anxiety, how to prevent the terrible twos (and threes and fours ...), and preparing your child for a new sibling.

From Brooklyn's sizzling restaurant scene, the hottest cookbook of the season... From urban singles to families with kids, local residents to the Hollywood set, everyone flocks to Frankies Spuntino—a tin-ceilinged, brick-walled restaurant in Brooklyn's Carroll Gardens—for food that is "completely satisfying" (wrote Frank Bruni in The New York Times). The two Franks, both veterans of gourmet kitchens, created a menu filled with new classics: Italian American comfort food re-imagined with great ingredients and greenmarket sides. This witty cookbook, with its gilded edges and embossed cover, may look old-fashioned, but the recipes are just we want to eat now. The entire Frankies menu is adapted here for the home cook—from small bites including Cremini Mushroom and Truffle Oil Crostini, to such salads as Escarole with Sliced Onion & Walnuts, to hearty main dishes including homemade Cavatelli with Hot Sausage & Browned Butter. With shortcuts and insider tricks gleaned from years in gourmet kitchens, easy tutorials on making fresh pasta or tying braciola, and an amusing discourse on Brooklyn-style Sunday "sauce" (ragu), The Frankies Spuntino Kitchen Companion & Kitchen Manual will seduce both experienced home cooks and a younger audience that is newer to the kitchen.

What happens when a woman goes online? She becomes a girl. The unwritten contract of the internet, that a user is what is used, extends from the well-examined issue of data privacy and consent to the very selves women are encouraged to create in order to appear. Invited to self-construct as "girls online," vloggers, bloggers and influencers sign a devil's bargain: a platform on the condition they commodify themselves, eternally youthful, cute and responsibility-free, hiding offline domestic, professional and emotional labour while paying for their online presence with "accounts" of personal "experience." Told via the arresting personal narrative of one woman negotiating the (cyber)space between her identities as girl, mother, writer, and commodified online persona, Girl Online is written in a plethora of the online styles, from programming language to the blog/diary, from tweets to lyric prose, taking in selfies, social media, celebrity and Cyberfeminism.

Film Directing Fundamentals gives the novice director an organic methodology for realizing on-screen the full dramatic possibility of a screenplay. Unique among directing books, Nicholas Proferes provides clear-cut ways to translate a script to the screen. Using the script as a blueprint, the reader is led through specific techniques to analyze and translate its components into a visual story. A sample screenplay is included that explicates the techniques discussed. Written for both students and entry-level professionals, the book assumes no knowledge and introduces basic concepts and terminology. Appropriate for screenwriters, aspiring directors and filmmakers, Film Directing Fundamentals helps filmmakers bring their story to life on screen. This fourth edition is updated with a new foreword by Student Academy Award-winner Jimmy Keyrouz, who studied with author Nicholas Proferes, as well as an enhanced companion website by Laura J. Medina, available at www.routledge.com/cw/proferes, which features new supplemental material for both instructors and students, including two new analyses of contemporary films—Wendy and Lucy (2008) and Moonlight (2016)—study questions, suggested assignments and exercises, as well as the instructor’s manual written by Proferes in 2008.
