The planetary emergency is SOCIALISM. This book details the factors contributing to the growing crisis, describes changes to the world caused by global socialism, and discusses the shift in policy that is needed to avert disaster. One of the many inconvenient truths is that American socialists share in the guilt. Numerous annoying politicians have abetted a long history of American socialists, including the notorious Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all children. Francis Bellamy was the author of the Pledge of Allegiance to the flag, the origin of the infamous stiff-armed salute adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who rejected the ritual in the schools was persecuted. This astonishing book explains the following revelations: 1. Hitler never self-identified as a "Nazi". 2. Hitler never self-identified as a 'Fascist'. 3. The term 'Nazi' never appears in "Mein Kampf" nor in "Triumph of the Will." 4. The term 'Fascist' never appears in Mein Kampf as a self-description by Hitler. 5. The term "Socialist" appears throughout Mein Kampf as a self-description by Hitler. Hitler and his followers self-identified as 'socialists' by the very word in voluminous speeches and writings. 6. Hitler used the swastika to represent 'S'-letter shapes for 'socialist'. 7. Hitler was influenced by American socialists - the USA's Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior. 8. A socialist started fascism. Before he coined the term 'Fascist,' Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist. 9. German socialists partnered with Soviet socialists to launch WWII, invading Poland together, and going onward from there,

killing millions. Much of the amazing historical material comes from the archives of the historian Dr. Rex Curry.

Adolf Hitler's European tour started with small gigs in German beer halls. It grew to sold-out crowds of worshipful fans raising their arms and chanting in adulation. They came for his hypnotic voice and signature mustache, outrageous costumes, rituals, and symbols. From there Hitler's band took Europe by storm with a swift series of top hits! This book exposes the dark side of Hitler: His plagiarism from earlier inspirations far beyond Germany; some deep inside the USA. The USA was the origin of Nazi salutes and Fascist behavior through the work of an American socialist: Francis Bellamy, author of the USA's Pledge of Allegiance to the Flag. The American Nazi salute was often performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. American youth groups (Scouting) adopted Bellamy's American Nazi salute AND saluted swastika badges worn by fellow scouts. Many Americans were accustomed to "Nazi salutes for swastikas" long before German socialism adopted similar behavior under Hitler. That

helps to explain another shocking revelation: swastikas were worn by American soldiers before Hitler did it. There are photos in the book! The military salute was the origin of Nazi salutes, via the USA's flag pledge in government schools. Public officials in the USA who preceded the German socialist (Hitler) and the Italian socialist (Mussolini) were sources for the stiff-armed salute (and brainwashed chanting) in those countries and other foreign countries influencing the worst reprobates, including these other socialists: Joseph Stalin, Vladimir Lenin, Mao Zedong, Adolf Hitler, Pol Pot, Kim Il-sung, Ho Chi Minh, Karl Marx, Leon Trotsky, Kim Jong-il, Benito Mussolini, Kim Jong-un, Fidel Castro, Che Guevara and more! They showed that Killing socialists is trademark socialism. Millions died. Yet, the world's worst killers escaped justice and many continue to be glorified as "great leaders." Bernie Sanders self-identifies the same as Hitler: SOCIALIST; Alexandria Ocasio-Cortez self-identifies the same as Hitler: SOCIALIST; So do their fans. (Hitler and his supporters did not call themselves "Nazi" nor "Fascist"). "Socialism" was touted by the very word in voluminous speeches & writings by the socialists Hitler, Stalin, Mao, Pol Pot, the Kim thugs, etc. Soviet socialism joined German socialism to launch the socialist war (WWII) invading Poland etc. It led to socialism's many genocides. Who was worst: Stalin, Mao, or Hitler? Stalin shares guilt for genocides of Mao, Hitler & himself, and Pol Pot, and the Kim thugs and other socialists. German socialism and Soviet socialism joined to launch the socialist war (WWII), invading Poland and going onward. Stalin assisted Mao. It led to genocide under many other socialists. The importance of this book cannot be overstated. It is a microcosm of the amorality of what remains of world socialism. It shines a floodlight on the ethical vacuum that is collectivism and its overlords. America is following them into that hell. BLACK SUN sheds new light on the sources of Nazi ideology by examining its occult roots in the world of myths, symbols, and fantasies. It traces this development from the writings of various mystics in the early 20th century who propagated the mythology of a superior global ideology whose heroes would fight the forces of moral decadence and greed. The book uses rare archival photographs and sources to chronicle how the Nazis used these mythological foundations to develop

Nazism as a political religion. While BLACK SUN documents the nationalist mystical beliefs that infused National Socialism, the book also reveals the disturbing perpetuation of these beliefs among certain political groups today, in Germany and worldwide, reflecting an ongoing search for salvation, inspiration and messianic leaders. This eye-popping expose' juxtaposes the polarization in German national history between an obsession with capturing light in all its symbolic uses in order to battle the "darkness" of the Others. The final lesson that Black Sun implies -and what makes it a provocative and interesting book for a number of audiences, whether scholars and students of history, or iconography- is the danger of not knowing one's own history. In this sense, the title signals not only the recurrent theme of evil throughout history, but also the need to shed light upon all its manifestations. *The Best Brain Teasers* No Pledge Publishing

Lenin's swastika is exposed for the first time herein. The impact of Vladimir Lenin's swastikas was reinforced at that time with additional swastikas on ruble money (paper currency). The swastika became a symbol of socialism under Lenin. It's influence upon Adolf Hitler is explained in this book. Lenin predated Hitler, but Lenin's *raison d'être* was that other German, Karl Marx. Hitler and Marx are always trending on the internet (and that is not the case for Lenin). Ideas from the Deutschland duo are adored and repeated often on social media and by the mainstream media (MSM). Marx was glorified in the 2018 video "Chinese President Xi Jinping delivers speech on anniversary of Marx's birth." In the embarrassing homage, Xi openly drooled over the western male racist socialist. It is reminiscent of Lenin's reverence for Marx. A larger-than-life portrait of Marx hangs next to the outdated hammer and sickle symbol that China parroted from Lenin's Soviet socialism. How humiliating. China is led around by its nose tied to the same old German who influenced Hitler. Of course, China has the largest population (billions) who self-identify the same as Hitler: SOCIALIST (that is also the same way that Marx and Lenin self-identified). Is there any other country of that size that openly worships a foreigner as their great

white savior? The books of Marx and Hitler were once considered too dangerous for the general public. But *Mein Kampf* was a bestseller as recently as 2017. Its popularity grows worldwide. It has always been one of Amazon's better-selling book titles. America's love affair with German philosophy stretches back to the mid-1800s, and farther. Many Americans struggle to bring Germany's past into the present at every election. MSM polling reports that 70 percent of millennials say they would vote for a candidate who self-identifies the same as Hitler (2019 YouGov poll). Two politicians in the USA (Alexandria Ocasio Cortez -AOC- & Bernie Sanders -BS) boastfully self-identify the same as Hitler: SOCIALIST. They also admire Lenin and Marx. Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialist. According to another report, 60 percent of Millennials (age 24-39) support a "complete change of our economic system." Lenin, Marx, and Hitler were anti-bourgeois and advocated revolution. Many Americans long for the same revolutions. The ideas of the beloved Deutschland duo (Marx and Hitler) continue to grow in popularity. Germany's two top white male racist political philosophers stay in vogue even though their policies remain a mystery. For example, the following facts (with credit to the archives of the historian Dr. Rex Curry) will come as news to most readers: 1. Hitler and Marx were popular in the USA. Two famous American socialists (the cousins Edward Bellamy and Francis Bellamy) were heavily influenced by Marx. The American socialists returned the favor: Francis Bellamy created the "Pledge of Allegiance to the Flag" that produced Nazi salutes and Nazi behavior. The Bellamys were American national socialists. For more on that advance to chapter 6 on "Bellamy salutes." 2. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 3. The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy. 4. Hitler and his supporters self-identified as "socialists" by the very word in voluminous speeches and writings. The term "Socialist" appears throughout *Mein Kampf* as a self-description by Hitler. 5.

Hitler never called himself a "Nazi." There was no "Nazi Germany." There was no "Nazi Party." Those terms are slang to hide how Hitler and his comrades self-identified: SOCIALIST. 6. Hitler never called himself a "Fascist." That term is misused to hide how Hitler and his comrades self-identified: SOCIALIST. 7. The term "Nazi" isn't in "Mein Kampf" nor in "Triumph of the Will." 8. The term "Fascist" never appears in Mein Kampf as a self-description by Hitler. 9. The term "swastika" never appears in the original Mein Kampf. 10. There is no evidence that Hitler ever used the word "swastika." 11. The symbol that Hitler did use was intended to represent "S"-letter shapes for "socialist." NEW DISCOVERY: That is why Hitler changed the name of his party. It was imperative that the party's name include the word "socialist" so that it would coordinate with Hitler's party emblem. 12. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 13. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 14. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. 15. German socialists and Soviet socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Soviet socialism had signed on for Hitler's Holocaust. 16. After Hitler's death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's Holocaust never ended. Stalin replaced Hitler. Hitler, Stalin, Mao, Mussolini, and other tyrants were influenced by propaganda in the USA, including the childish American socialists Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all youngsters worldwide.

"Those Damned Nazis" was written by Joseph Goebbels in 1929. Goebbels was the Minister of Propaganda under Adolf Hitler from 1933-1945. There are many different media descriptions of Nazism and Fascism in critiques of Goebbels and Hitler. But what did Goebbels actually say when he talked? To find out, come inside his mouth. See what he said. This book examines the actual words of the men who came close to destroying the planet. If we are to discover the minds of Goebbels (and Hitler), we must penetrate behind the thick curtains of superficial evidence which conceal them and the unreliable media intermediaries who have distorted their speeches and writings. For example, "Those Damned Nazis" is not the actual name of Goebbels' infamous publication. The title was "Die verfluchten Hakenkreuzler" or "Those Damned Hakenkreuzlers." Goebbels did not use the word "Nazi" in the title nor anywhere within the pamphlet (The revelations in this paragraph were uncovered in the historian Dr. Rex Curry's work). "Those Damned Nazis" is a misleading translation. The entire text of "Those Damned Nazis" is provided. It is also analyzed. This book is a useful study guide to Hitler's Mein Kampf, whereby what had been a vague plan suddenly was reality, almost to the disbelief of Goebbels and other supporters. Goebbels supported public schools so that his deadly dogma could be spread throughout Germany's educational system. This book is a startling expose' of the origin of Goebbels' goals. This book reveals that many of Goebbels' shocking ideas were borrowed from the USA. Decades before Goebbels and Hitler, the state governments in the USA took over education and taught schoolchildren to chant in unison and perform the Nazi salute each day within schools that imposed segregation by law and taught racism as official policy. Many secrets revealed about Adolf Hitler, including – 1. NEW HITLER DISCOVERY: Hitler renamed his political party from DAP to NSDAP - "National Socialist German Workers Party" - because he needed the word "Socialist" in his party's name so that Hitler could use swastikas as "S"-letter shaped logos for "SOCIALIST" as the party's emblem. The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols, including the "SS" and "SA" and "NSV" and "VW" etc. He was selling socialism by selling flags and related merchandise (cf. Francis Bellamy). The "new discovery" part is that the public doesn't know that Hitler's use of the swastika as alphabetical symbolism is a reason why he changed the name of the party (adding the word "socialist"). The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of "S"-letter shapes for his socialism. The discoveries are from the historian Dr. Rex Curry's work. 2. NEW SWASTIKA DISCOVERY: Vladimir Lenin's swastika is revealed herein. There is no evidence that Hitler ever used the word "swastika." 11. The symbol that Hitler did use was intended to represent "S"-letter shapes for "socialist." 12. THE LATEST SWASTIKA DISCOVERIES: Hitler's symbol is the reason why Hitler renamed his political party from DAP to NSDAP - "National Socialist German Workers Party" - because he needed the word "Socialist" in his party's name so that Hitler could use swastikas as "S"-letter shaped logos for "SOCIALIST" as the party's emblem. The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols, including the "SS" and "SA" and "NSV" and "VW" etc. He was selling socialism by selling flags and related merchandise. It resembled the advertising campaign of the American socialist Francis Bellamy. The "new discovery" part includes the fact that the public doesn't know that Hitler's use of the swastika as alphabetical symbolism is a reason why he changed the name of the party (adding the word "socialist"). The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of "S"-letter shapes for his socialism. The discoveries are from the historian Dr. Rex Curry's work. 13. ASTONISHING LENIN'S SWASTIKA REVELATION: Vladimir Lenin's swastika is exposed herein. The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money (paper currency). The swastika became a symbol of socialism under Lenin. It's influence upon Adolf Hitler is explained in this book. 14.

Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 15. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 16. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. 17. German socialists and Soviet socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Soviet socialism had signed on for Hitler's Holocaust. 18. After Hitler's death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's Holocaust never ended. Stalin replaced Hitler.

**THOSE DAMNED NAZIS** Babelcube Inc.  
"Why are we socialists?" was written by Dr. Joseph Goebbels in 1929. Goebbels was the Minister of Propaganda under Adolf Hitler from 1933-1945. Goebbels has been described in various ways in documentaries that critique Nazism and Fascism. But what did Goebbels actually say when he talked? To find out, come inside his mouth. See what he said. This book examines the actual words of a man who came close to destroying the planet. If we are to discover the minds of Goebbels (and Hitler), we must penetrate

behind the thick curtains of superficial evidence which conceal them and the unreliable media intermediaries who have distorted their speeches and writings. For example, "Why are we socialists?" is merely a small section of a larger article authored by Goebbels that is usually titled: "Those Damned Nazis." However that is not the title that Goebbels' gave his larger publication. In the German language the title was "Die verfluchten Hakenkreuzler" or "Those Damned Hakenkreuzlers." Goebbels did not use the word "Nazi" in the title nor anywhere within the pamphlet (The revelations in this paragraph were uncovered in the historian Dr. Rex Curry's work). "Those Damned Nazis" is a deceitful translation that was intended to cover up what Goebbels actually said. This book reproduces the entire text of "Why are we socialists?" As a free bonus, specific examination of Mein Kampf is made for many comparisons. This book is a useful study guide to Hitler's Mein Kampf, whereby what had been a vague plan suddenly was reality, almost to the disbelief of Goebbels and other supporters. Goebbels supported schools so that his deadly dogma could be spread throughout Germany's educational system. This book is a startling expose' of the origin of Goebbels' goals. This book reveals that many of Goebbels' shocking ideas were borrowed from the USA.

In *Feelings of Believing: Psychology, History, Phenomenology*, Ryan Hickerson demonstrates that philosophers as diverse as Hume, Descartes, Husserl, and William James all treated believing as feeling. He argues that doxastic sentimentalism, therefore, is considerably more central to modern epistemology than philosophers have recognized. When the empirical psychology of overconfidence and attention is brought to bear on the history of philosophy and the phenomenology of believing, all point toward belief as fundamentally affective. Understanding believing as feeling has the potential to make us better believers, both by encouraging suspicion of unexamined certainties and by focusing attention on credulity. Hickerson argues that believing is typically felt but not given attention by the believer, and he suggests that virtuous believers are those who pay careful attention to their own sentiments-- who attempt to raise their beliefs to the level of judgments.
