The Monks of New Skete THE ART OF RAISING A PUPPY The authors of the classic guide How to Be Your Dog's Best Friend now tell you everything you need to know about the crucial first months of your puppy's life. From the decision to adopt a pup through the practical steps of choosing the right breed, preparing your home, caring for your new charge, and practicing basic obedience exercises, the Monks of New Skete offer clear, compassionate guidelines for raising a puppy. Renowned for breeding German shepherds, the Monks train their own beautiful dogs, and dogs of any breed, according to a unique program based on understanding canine behavior and enhancing the bond between dog and owner. This communion begins in puppyhood and is based on deep respect and affection. Improper care, poor training, or a lack of attention during the early months can lead to problem behaviors that become increasingly difficult to alter as your dog matures. By learning to gently assert your dominance from the start, you'll build a lasting and loving relationship with your pup. This complete guide, illustrated with more than eighty black-and-white photographs, explains the stages of puppy development, how to communicate with your pup, how to begin a complete training program, and how to deal with common problems like chewing, jumping up, and paper-training. The kind of fulfillment a solid relationship with your pup can bring is demonstrated in the stories of three dogs who have assumed special places in their owners lives. The Art of Raising a Puppy is an essential source of wisdom, information, and inspiration for anyone who loves and cares for a puppy. As a community, the Monks of New Skete have been breeding, raising, and training dogs for more than twenty years. New Skete Monastery is located in Cambridge, New York.

Their Untold Story G.P. Putnam's Sons

A New York Times Best Seller Under the cover of night, deep in the desert of Afghanistan, a US Army handler led a Special Forces patrol with his military working dog. Without warning an insurgent popped up, his weapon raised. At the handler's command, the dog charged their attacker. There was the flash of steel, the blur of fur, and the sound of a single shot; the handler watched his dog take a bullet. During the weeks it would take the dog to heal, the handler never left its side. The dog had saved his life. Loyal and courageous, dogs are truly man's best friend on the battlefield. While the soldiers may not always feel comfortable calling the bond they form love, the emotions involved are strong and complicated. In War Dogs, Rebecca Frankel offers a riveting mix of on-the-ground reporting, her own hands-on experiences in the military working dog world, and a look at the science of dogs' special abilities—from their amazing noses and powerful jaws to their enormous sensitivity to the emotions of their human companions. The history of dogs in the US military is long and rich, from the spirit-lifting mascots of the Civil War to the dogs still leading patrols hunting for IEDs today. Frankel not only interviewed handlers who deployed with dogs in wars from Vietnam to Iraq, but top military commanders, K-9 program managers, combat-trained therapists who brought dogs into war zones as part of a preemptive measure to stave off PTSD, and veterinary technicians stationed in Bagram. She makes a passionate case for maintaining a robust war-dog force. In a post-9/11 world rife with terrorist threats, nothing is more effective than a bomb-sniffing dog and his handler. With a compelling cast of humans and animals, this moving

book is a must read for all dog lovers-military and otherwise.

Military working dogs gained widespread attention after the highly trained canine Cairo participated in the SEAL Team Six mission that led to Osama bin Laden's death. Before that, few civilians realized that dogs served in combat, let alone that they could parachute from thirty-thousand feet up. And as astounding as that talent is, it's only one of the many things our four-legged soldiers can do. Dogs have had a place in the U.S. military from as early as the nineteenth century, but their importance and our treatment of them has evolved since then. In the aftermath of 9/11, their numbers have increased exponentially. The Dogs of War surveys the amazing range of jobs that military working dogs now perform, such as explosives detection, patrol, and hunting for enemy combatants. Lisa Rogak discusses the dogs' training, their equipment, and sets the record straight on those rumors of titanium teeth. In this book you'll find heart-warming stories of the deep bond that dogs and their handlers share, including missions both heroic and tragic that show the courage and devotion that human and canine soldiers have displayed on the battlefield. Rogak also writes about the physical and mental dangers that dogs face from military service; the canine path from service to retirement; and finally how soldiers and civilians can help the cause by fostering military puppies or adopting retirees. An incredible story of the largely unseen but vital role that dogs play in our armed forces, The Dogs of War is a must-read for animal lovers everywhere.

The Autobiography of the Most Lethal Sniper in U.S. Military History St. Martin's Press

A younger reader adaptation of Trident K9 Warriors profiles the world of elite Navy SEAL working dogs, describing from a trainer's perspective the extreme missions the dogs undertake to save lives and how after retiring they are placed in loving homes.

How a Stray Dog and His Best Friend Helped Win World War I and Stole the Heart of a Nation St. Martin's Press

THE INSTANT NATIONAL BESTSELLER No Ordinary Dog is the powerful true story of a SEAL Team Operator and military dog handler, and the dog that saved his life. Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. This is Cairo's story, and that of his handler, Will Chesney, a SEAL Team Operator whose life would be irrevocably tied to Cairo's. Starting in 2008, when Will was introduced to the SEAL canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond transcended their service. Then, in 2011, the call came: Pick up your dog and get back to Virginia. Now. What followed were several weeks of training for a secret mission. It soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable "spare dog," Will went back to his job as a DEVGRU operator, until a grenade blast in 2013 left him with a brain injury and PTSD. Unable to participate in further missions, he suffered from crippling migraines, chronic pain, memory issues, and depression. Modern medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more—and then up to Will to be there when Cairo needed him the most.

[A Complete Practical Guide](#) Feiwei & Friends

Gerard Hindmarsh argues that New Zealand is lucky to have had, and still have, its fair share

of people who choose to live out on the fringes of society. He believes these 'outsiders', in their love of a free and unhindered life, offer an important counterbalance to the highpressured, commercialised and urban world that most of us inhabit. It is these outsiders who are the subject of this book, a wonderfully diverse group of people who, both historically and in the present day, found room beyond the cities and towns to live their lives in their own individual way. The characters who fill these pages range from a hermit who spent 47 years on his own island in the Marlborough Sounds; a farmer from probably the most remote farm in New Zealand on the west coast of Stewart Island; an eccentric mountain dweller waiting for the world to end in Kahurangi National Park; the now well-known Robert Long, or 'Beansprout', from Gorge River in South Westland; a fisherman who jumped ship in Fiordland National Park; and many more. Gerard Hindmarsh has a great eye for a story, and in Outsiders he presents a highly readable and colourful social history, which speaks strongly about a rich vein of New Zealand identity.

The Dogs of War Harry N. Abrams

Twenty-first-century sniping tactics by Navy SEAL military sniper Brandon Webb.

[And Other Techniques for Surviving Life's Wars](#) Public Affairs

BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, The Making of a Navy SEAL provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy "sniper cell" and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors—including Marcus Luttrell and Chris Kyle—that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150 confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military. Explosive, revealing, and intelligent, The Making of a Navy SEAL provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world.

Learn how to train your dog exactly as the U.S. military trains its canine soldiers. This manual is the Department of Defense's principle source of information on care, conditioning, and training of our nation's Military Working Dogs – such as "Cairo," the canine who served in the raid that killed Bin Laden. From basics, such as "HEEL" and "STAY" to negotiating obstacle courses, to tracking, searching, and even attacking . . . this manual shows readers how our military trains their dogs to be the best trained canines in the world. Contents include: * Veterinary Training Priorities * Principles of Conditioning and Behavior Modification * Patrol Dog Training * Clear Signals Training Method * Deferred Final Response * Detector Dog Training Validation * The Military Working Dog (WMD Program) * Facilities and Equipment * And more...

Navy SEALs St. Martin's Press

The New York Times bestselling author of Secret Service Dogs and Soldier Dogs delivers the incredible, true story of K-9 Marine hero Lucca, and the handlers who fought alongside her through two bloody wars in Iraq and Afghanistan. "Maria Goodavage knocks it out of the park in this fast paced, spell binding page turner" --John W. Pilley, co-author of Chaser: Unlocking the Genius of the Dog Who Knows a Thousand Words Maria Goodavage takes readers into the life of Lucca K458, a decorated and highly skilled military working dog. An extraordinary bond develops between Lucca and Marine Corps dog handlers Chris

Willingham and Juan Rodriguez, in what would become a legendary 400-mission career. A specialized search dog, Lucca belongs to an elite group trained to work off-leash at long distances from her handler to sniff out deadly explosives. She served alongside both Special Forces and regular infantry, and became so sought-after that platoons frequently requested her by name. Here, in gritty detail, is the gripping account of Lucca's adventures on and off the battlefields, including tense, lifesaving explosives finds and rooftop firefights, as well as the bravery of fellow handlers and dogs they served with. Ultimately we see how the bond between Lucca and her handlers overcame the endless brutalities of war and the traumas such violence can inflict. Top Dog is a portrait of modern warfare with a heartwarming and inspiring conclusion that will touch dog lovers and the toughest military readers.

In Pursuit of Courage, Hope and Purpose Harper Collins

An epic account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that exposed the dark underbelly of America's special forces—from a Pulitzer Prize-winning reporter "Meticulously assembled and brilliantly written . . . [a] remarkable and engrossing book."—The New York Times By official accounts, the Navy SEALs of Alpha platoon returned as heroes after their 2017 deployment to Mosul, following a vicious, bloody, and successful campaign to drive ISIS from the city. But within the platoon a different war raged. Even as Alpha's chief, Eddie Gallagher, was being honored by the Navy for his leadership, several of his men were preparing to report him for war crimes, alleging that he'd stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. Many young SEALs regarded Gallagher as the ideal special operations commando. Trained as a sniper, a medic, and an explosives expert, he was considered a battle-tested leader. But in the heat of combat, some in his platoon saw a darker figure—a man who appeared to be coming unhinged after multiple deployments in America's forever wars. Their excitement to work with a tough, experienced chief soon gave way to a grim suspicion that his thirst for blood seemed to know no bounds and a belief that his unpredictability was as dangerous as the enemy. In riveting detail, Pulitzer Prize-winning New York Times correspondent David Philipps reveals the story of a group of special operators caught in a moral crucible—should they uphold their oath and turn in their chief, or honor the SEALs' unwritten code of silence? It is also a larger story of how the SEAL Teams drifted off course after 9/11, and of the "pirate" subculture that festered within their ranks—a secret brotherhood that, in a time of endless war with few clear victories, made the act of killing itself the paramount goal. The investigation and trial following Alpha's deployment—and Gallagher's ultimate acquittal on the most serious charges—would pit SEAL against SEAL, set the Navy brass on a collision course with President Donald Trump, and turn Gallagher into a political litmus test in a hotly polarized America. A page-turning tale of battle, honor, and betrayal, Alpha is a remarkable exposé of the fault lines fracturing a country that has been at war for a generation and counting.

The Hurt Artist Crown

One man and his four-legged friends go to war in Afghanistan; a ten-year battle against enemies seen and unseen In Afghanistan, sometimes all that stands between coalition troops and death or serious injury is a dog. Highly trained dogs and their handlers search for improvised explosive devices or hidden weapons out on patrol with combat troops. It's a perilous job, often putting them right in the firing line, and making them high priority targets for the Taliban insurgents they're fighting. Shane Bryant, a former Australian Army dog handler, spent 10 years in Afghanistan, working with elite American special forces alongside his four-legged buddies, Ricky and Benny, and managing teams of dogs and handlers. War Dogs is Shane's story – a riveting tale of handlers and their dogs in combat, and a brutally honest account of how a decade as a contract warrior took its toll on Shane's personal life and his mental health, and how he found hope again.

Sniffer Dogs St. Martin's Griffin

A former Navy SEAL chronicles the history of the special operations unit, from their beginnings as unarmed World War II frogmen to their rise to American's first permanent commando force, deployed on counterterrorism and capture-kill missions.

No Ordinary Dog Lancer Publishers

THE HEART AND THE FIST shares one man's story of extraordinary leadership and service as both a humanitarian and a warrior. In a life lived at the raw edges of the human experience, Greitens has seen what can be accomplished when compassion and courage come together in meaningful service. As a Rhodes Scholar and Navy SEAL, Greitens worked alongside volunteers who taught art to street children in Bolivia and led US Marines who hunted terrorists in Iraq. He's learned from nuns who fed the destitute in one of Mother Teresa's homes for the dying in India, from aid workers who healed orphaned children in Rwanda, and from Navy SEALs who fought in Afghanistan. He excelled at the hardest military training in the world, and today he works with severely wounded and disabled veterans who are rebuilding their lives as community leaders at home. Greitens offers each of us a new way of thinking about living a meaningful life. We learn that to win any war, even those we wage against ourselves; to create and obtain lasting peace; to save a life; and even, simply to live

with purpose requires us—every one of us—to be both good and strong.

War Dogs St. Martin's Press

Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. Warrior Dog is the story of Cairo and his handler, Will Chesney, a member of SEAL Team Six whose life would be irrevocably tied to Cairo's, specially adapted for young readers from Chesney and Joe Layden's No Ordinary Dog. Starting in 2008, when Will was introduced to the canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond went beyond their military service. As Cairo aged and went on fewer missions, Will moved on to other assignments, forced to slowly—and painfully—distance himself from the dog. Then, in 2011, the call came: Pick up your dog and get back to Virginia. Now. Cairo and Will trained for weeks for a secret mission, but it soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable "spare dog," Will went back to his job—until a grenade blast in 2013 left him severely injured. Unable to participate in further missions, he tried to recover, medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more—and then up to Will to be there when Cairo needed him the most.

The Reaper HarperCollins

When you enlist in the United States military, you don't just sign up for duty; you also commit your loved ones to lives of service all their own. No one knows this better than Elaine Brye, an "Army brat" turned military wife and the mother of four officers—one each in the Army, Navy, Air Force, and Marine Corps. For more than a decade she's endured countless teary goodbyes, empty chairs at Thanksgiving dinners, and sleepless hours waiting for phone calls in the night. She's navigated the complicated tangle of emotions—pride, worry, fear, hope, and deep, enduring love—that are part and parcel of life as a military mother. In Be Safe, Love Mom Elaine braids together her own personal experiences with those of fellow parents she's met along the way. She offers gentle guidance and hard-earned wisdom on topics ranging from that first anxious goodbye to surrendering all control of your child, from finding comfort in the support of the military community and the healing power of faith to coping with the enormous sacrifices life as a military mother requires. Readers looking for encouragement and hard-to-come-by information as they travel the challenging road of having a child in uniform will find Elaine a wise and trusted friend, and Be Safe, Love Mom an essential handbook to membership in a strong and special sisterhood.

My Tales from the Training Ground to the Battlefield with Elite Navy SEAL Canines

Bantam

Before there was Max, there was Mike. A true story much like the touching movie, Navy SEAL Dogs explores the incomparable relationship between trainer and military dog. From the author of Team Dog, Trident K9 Warriors gave readers an inside look at the Navy SEAL teams' elite K9 warriors—who they are, how they are trained, and the extreme missions they undertake to save lives. From detecting explosives to eliminating the bad guys, these powerful dogs are also some of the smartest and highest skilled working animals on the planet. Mike Ritland's job is to train them. This special edition re-telling presents the dramatic tale of how Ritland discovered his passion and grew up to become the trainer of the nation's most elite military working dogs. Ritland was a smaller-than-average kid who was often picked-on at school—which led him to spend more time with dogs at a young age. After graduating BUD/S training—the toughest military training in the world—to become a SEAL, he was on combat deployment in Iraq when he saw a military working dog in action and instantly knew he'd found his true calling. Ritland started his own company to train and supply working and protection dogs for the U.S. Government, Department of Defense, and other clients. He also started the Warrior Dog Foundation to help retired Special Operations dogs live long and happy lives after their service. Navy SEAL Dogs is the true story of how Mike Ritland grew from a skinny, bullied child, to a member of our nation's most elite SEAL Teams, to the trainer of the world's most highly skilled K9 warriors.

Unfuck America: A Respectful, Open-Minded Conversation Little, Brown

This special young reader's edition of the adult title "Trident K9 Warriors" presents the dramatic tale of how Ritland discovered his passion and grew up to become the trainer of the nation's most elite military working dogs. Photo insert.

Navy Seal Dogs HarperCollins

America has its head wedged up so deep, we're looking at tonsils. What are you doing about it? If you're like most people, you're caught somewhere between a frustrated, partisan echo chamber and a finger-pointing media so afraid of being canceled that it's not raising the most important issues we face as a nation. Unfuck America is that rare, multipartisan, no-bull, sometimes-surprising, unstopably honest, come-to-Jesus book that rises above the hopped-up codewords, gets beneath bias, and dismantles assumptions. It will knock you out of your political box and personal comfort zone to deliver empirical data, hope, critical thinking, and a field manual for individual action. ? Drawing from his wild range of experience and travel, Mike Ritland brings his broadened perspective and pattern-disrupting, four-principle framework to interrogate the country's border,

mental health and social issues, inequality, guns, human trafficking, healthcare, and even parenting in his ruthlessly open-minded quest to save the country he fiercely dissects and loves.
