Tropical Deforestation -  
The Virtual Rainforest by  
Gerald ...

However extensive tropical deforestation is a relatively modern event that gained momentum in the 20 th century and particularly in the last half of the 20th century. The FAO FRA 2001 and 2010 reports indicate considerable deforestation in the world during 1990-2010 but this was almost entirely confined to tropical regions (Anon., 2001 a; 2010). A Deforestation: Causes, Effects and Control Strategies

Deforestation solutions The good news is that tropical deforestation can be reduced—and, in many places, already is being reduced. A variety of approaches, from corporate deforestation-free commitments to the REDD+ initiative to the Soy Moratorium, have shown promising results. Global Warming Solutions: Stop Deforestation | Union of ...  
6 Solutions for Deforestation

Tropical logging is known to have significant environmental impacts. Not only do trees absorb carbon from our atmosphere, but they also store it. By cutting down the trees, there is an immediate release of a potential greenhouse gas, as well as the carbon that will not be absorbed by the tree in the future.

## **6 Solutions for Deforestation - Vision Launch**

deforestation, and land degradation on African ecosystems, economies, and societies, is now in fact unhinged from the location of rapidly advancing desertification and deforestation to a much broader, worldwide crisis. In short, slowing down the overall loss of tropical forests and the increase in Letter of Support for the Tropical Forest Standard from ...

It turns out that most of the decrease in deforestation has been in the Amazon, and mostly

---

in one country—Brazil. Amazonia is the largest tropical forest in the world with about five million square kilometers. 1, 2 Furthermore, about 80 percent of the basin ' s forest remains basically intact. 3 Brazil contains about 60 percent of the entire Amazon forest, 1 and at the peak of its ...

Tropical Deforestation and Global Warming | Union of ...

Some of the fantastic solutions to deforestation include: 1. Green Business. Green business concerns re-use and recycling. Green methods of production and utilization of resources can immeasurably reduce deforestation. Particularly, it ' s the focus on re-using items, reducing the use of artificial items, and recycling more items.

8 Innovative Solutions to Deforestation - Disruptive ...

Tropical forests are home to half the Earth's species, and their trees are an immense standing reservoir of carbon.

Deforestation will have increasingly serious consequences for biodiversity, humans, and climate.

## Tropical Deforestation - NASA Earth Observatory

Deforestation—Causes, Effects, and Solutions Forests are vital to our Earth. Trees purify our air, filter our water, prevent erosion, and act as a buffer against climate change.

tropical countries performance-based payments for protecting their forests.

Deforestation and degradation are complex problems. While there are no silver bullet solutions, these approaches can make a big difference to save our forests. *The Power of the Marketplace*. If corporations have the power to destroy the world's forests, they also have the ability to help save them.

*Solutions to Deforestation - The Green Machine*

Any "solutions" to the problem which fail to recognise the underlying cause can at best have limited success, and in many cases, they make the situation worse. Realistic solutions must be based on the realisation that tropical deforestation characteristically involves the disempowerment of traditional landowners, and their rights must be respected.

*BRIEFS Stopping Deforestation: What Works and What Doesn't*

To save endangered species, we must protect the world's tropical forests. Doing so will also help stabilize our climate. We're doing our part by urging companies to commit to stop cutting down these great forests—a commitment known as zero-deforestation. Many of the companies that harvest and use palm oil have already agreed to make this commitment.

*Tropical Forest Protection | Environment Colorado*

Deforestation is one of the leading contributors to climate change, with the World Resources Institute stating that if tropical deforestation were a country it would rank third just behind China and the USA! Loss of biodiversity. ... *8 Innovative Solutions to Deforestation*.
