So, as soon as you require the books swiftly, you can straight get it. Its as a result entirely simple and fittingly fats, isnt it? You have to favor to in this manner

Chocky Onwe

A “ sharp, amusing story ” (The Guardian) about the fountain of youth and its implications for women ’ s rights, by one of the twentieth century ’ s most brilliant—and neglected—science fiction and horror writers, whom Stephen King called “ the best writer of science fiction that England has ever produced. ” “ It was a genius move for John Wyndham to center an age-slowng narrative on women, who are still today pressured to remain youthful-looking forever, or succumb to social invisibility. . . . Wyndham was uniquely gifted at skewering humankind ’ s foibles while maintaining a shred of hope that our better angels would prevail. ” —Kate Folk, from the introduction What if humans discovered the secret to prolonged life? Francis Saxover and Diana Brackley, two biochemists investigating a rare lichen, separately discover that it has a remarkable property: It slows the aging process almost to a halt. Francis, realizing the horrifying implications of an ever-youthful wealthy elite, decides to keep his findings a secret. But the younger and more daring Diana sees an opportunity to overturn the male status quo and free women from the career-versus-children binary—in short, a chance to remake the world. *Restoring Our Delight in God's Good Design* Wildside Press LLC

A thrilling new voice in fiction injects the absurd into the everyday to present a startling vision of modern life, “[as] if Kafka and Camus and Bradbury were penning episodes of Black Mirror” (Chang-Rae Lee, author of My Year Abroad). “Stories so sharp and ingenious you may cut yourself on them while reading.”—Kelly Link, author of

Get In Trouble ONE OF THE MOST ANTICIPATED BOOKS OF 2022—The Millions With a focus on the weird and eerie forces that lurk beneath the surface of ordinary experience, Kate Folk’s debut collection is perfectly pitched to the madness of our current moment. A medical ward for a mysterious bone-melting disorder is the setting of a perilous love triangle. A curtain of void obliterates the globe at a steady pace, forcing Earth’s remaining inhabitants to decide with whom they want to spend eternity. A man fleeing personal scandal enters a codependent relationship with a house that requires a particularly demanding level of care. And in the title story, originally published in The New Yorker, a woman in San Francisco uses dating apps to find a partner despite the threat posed by “blots,” preternaturally handsome artificial men dispatched by Russian hackers to steal data. Meanwhile, in a poignant companion piece, a woman and a blot forge a genuine, albeit doomed, connection. Prescient and wildly imaginative, Out There depicts an uncanny landscape that holds a mirror to our subconscious fears and desires. Each story beats with its own fierce heart, and together they herald an exciting new arrival in the tradition of speculative literary fiction.

When he discovers information that suggests a legendary space

fighter may have ties to the alien that he destroyed, Alex ventures into the core of the alien galaxy to learn the truth.

The Ultimate Freedom A&C Black

Bob Slocum was living the American dream. He had a beautiful wife, three lovely children, a nice house...and all the mistresses he desired. He had it all -- all, that is, but happiness. Slocum was discontent. Inevitably, inexorably, his discontent deteriorated into desolation until...something happened. Something Happened is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture. The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his Catch-22.

Trouble with Lichen Crossway

Science fiction thriller originally published by Michael Joseph in 1974. A woman stowaway on an exploratory spaceship to Mars causes problems particularly when the Martians, a dying race see dreams of survival in a way too abhorrent for the Earthmen to comprehend.

Dr. Mutter's Marvels Gardners Books

A Hugo Award Finalist: Humanity struggles to understand a killing labyrinth discovered on the Moon in this science fiction adventure about death and rebirth Hugo and Nebula Award – winning author Robert Silverberg credits Rogue Moon with containing “ the most terrifying pages in any SF novel I have ever read. ” A monstrous apparatus has been found on the surface of the moon. It devours and destroys in ways so incomprehensible to humans that a new language has to be invented to describe it and a new kind of thinking to understand it. So far, the human guinea pigs sent there in hopes of unraveling the murderous maze have all died terrible deaths. The most recent volunteer survived but is now on suicide watch. The ideal candidate won ’ t go insane even as he feels the end approaching. Al Barker has already stared into the face of death; he can handle it again. But he won ’ t merely endure the trauma of dying. Barker will die over and over—even as his human

qualities are preserved on Earth. With its cast of fascinating characters—like brilliant scientist Edward Hawks, who is obsessed with rebirth—Rogue Moon is a rare thriller that doesn't just make you sweat. It makes you think.

Dishonesty is the Second-Best Policy Trouble with Lichen

David Gore becomes concerned that his twelve-year-old son, Matthew, is too old to have an imaginary friend. His concerns deepen as Matthew becomes increasingly distressed and blames it on arguments with this unseen companion, whom he calls "Chocky". As the story unfolds, it becomes clear that the friend is far from imaginary, but is an alien consciousness communicating with Matthew's mind—a fact that is of interest to shadowy government forces.

Trouble with Lichen Del Rey Books

Stowaway to Mars Gargoyle Girl Productions

In Chocky, pioneering science-fiction master John Wyndham confronts an enigma as strange as anything found in his classic works *The Day of the Triffids* or *The Chrysalids*—the mind of a child. It's not terribly unusual for a boy to have an imaginary friend, but Matthew's parents have to agree that his—nicknamed Chocky—is anything but ordinary. Why, Chocky demands to know, are there twenty-four hours in a day? Why are there two sexes? Why can't Matthew solve his math homework using a logical system like binary code? When the questions Chocky asks become too advanced and, frankly, too odd for teachers to answer, Matthew's parents start to wonder if Chocky might be something far stranger than a figment of their son's imagination. Chocky, the last novel Wyndham published during his life, is a playful investigation of what being human is all about, delving into such matters as child-rearing, marriage, learning, artistic inspiration—and ending with a surprising and impassioned plea for better human stewardship of the earth.

The Kraken Wakes Faber & Faber

"My name is Courtney. I'm an accidental feminist." Although many Christians wouldn't identify themselves as feminists, the reality is that the feminist movement has influenced us all in profound ways. We unconsciously reflect our culture's ideas related to

womanhood rather than what's found in the Bible. In this book, Courtney Reissig—a wife, mom, and successful writer—recounts her journey out of "accidental feminism," offering wise counsel for Christian women related to relationships, body image, and more—drawing from the Bible rather than culture. Whether you're a committed feminist, a staunch traditionalist, or somewhere in between, this book will help you answer the question, "What does it mean to be a Christian woman?" You'll discover the joy, purpose and importance that are found in God's good design.

Contemporary / British English The island of Tanakuatua seems like heaven to the forty people who go there to create a new society. But soon they start to die in a horrible way. Something strange is in the forest. Two of the group decide to fight!

Make Death Love Me Rosetta Books

The six stories in *Consider Her Ways: And Others*, the second collection of John Wyndham's short tales, continue his exploration of the science fiction staple - what if? In the title story we are introduced to a world where all the men have been killed by a virus and women continue to survive in a strict caste system - bottom of the heap are the mothers. In others we meet the man who accidentally summons a devil and then has to find a way of getting rid of him without losing his immortal soul, as well as the woman who, thanks to an experiment in time, discovers why her lover abandoned her. 'Wyndham writes strongly and has a gift for bizarre plots' Guardian 'One of the few authors whose compulsive readability is a compliment to the intelligence' Spectator John Wyndham Parkes Lucas Benyon Harris was born in 1903, the son of a barrister. He tried a number of careers including farming, law, commercial art and advertising, and started writing short stories, intended for sale, in 1925. From 1930 to 1939 he wrote short stories of various kinds under different names, almost exclusively for American publications, while also writing detective novels. During the war he was in the Civil Service and then the Army. In 1946 he went back to writing

stories for publication in the USA and decided to try a modified form of science fiction, a form he called 'logical fantasy'. As John Wyndham he wrote *The Day of the Triffids*, *The Kraken Wakes*, *The Chrysalids*, *The Midwich Cuckoos* (filmed as *Village of the Damned*), *The Seeds of Time*, *Trouble with Lichen*, *The Outward Urge*, *Consider Her Ways and Others*, *Web and Chocky*. John Wyndham died in March 1969.

The Accidental Feminist Random House

Descendants of the First is the thundering sequel to Reni Amayo's epic YA fantasy, *Daughters of Nri*.

Amayo takes us back to the ancient kingdom of Nri. With the king dead, the reunited twin goddesses must now face mythical beasts, a volatile resurgence of lost gods & unseen enemies as they fight to stop the Nri from succumbing to a looming curse. Deep cracks are forming throughout the kingdom of Nri with whispers of deadly successors lurking beneath the shadows. Despite having the same face, it seems the deepest crack is forming between Naala and Sinai, the reunited twin goddesses, who must put their differences aside as they travel through a broken Nri. Unbeknownst to the girls, their use of the mystical Ndu crystal has awakened mythical beasts and the lost gods, each returning to Nri one by one. One thing is clear, the twins will have to face enemies at every corner of the kingdom... one of whom lies hidden amongst those they hold dearest. As ongoing turmoil spreads throughout the kingdom, the daughters of Nri must unmask the true face of their enemy, as they discover that their unique blood has marked them with magic strong enough to restore true peace to the world - a task only they can complete. But with beasts lurking far and wide, will they be able to do so before the kingdom succumbs to its looming curse?

Descendants of the First is the thundering sequel to Reni K Amayo's epic feminist young adult fantasy, *Daughters of Nri*, lauded as "literary magic" by Buzzfeed and a piece of "Excellent writing, brilliant book." by best-selling author, Dorothy Koomson.

Web New York Review of Books

"Francis Saxover and Diana Brackley, two scientists investigating a rare lichen, discover it has a remarkable property: it retards the aging process. Francis, realising the implications for the world of an ever-youthful, wealthy elite, wants to keep it secret, but Diana sees an opportunity to overturn the male status quo by using the lichen to inspire a feminist revolution. As each scientist wrestles with the implications and practicalities of exploiting the discovery, the world comes ever closer to learning the truth. Trouble With Lichen is a scintillating story of the power wielded by science in our lives and asks how much trust should we place in those we appoint to be its guardians?"--Goodreads

A Novel Penguin UK

David Storm's father doesn't approve of Angus Morton's unusually large horses, calling them blasphemies against nature. Little does he realise that his own son, and his cousin Rosalind and their friends, have their own secret aberration which would label them as mutants. But as David and Rosalind grow older it becomes more difficult to conceal their differences from the village elders. Soon they face a choice: wait for eventual discovery, or flee to the terrifying and mutable Badlands . . . The Chrysalids is a post-nuclear apocalypse story of genetic mutation in a devastated world and explores the lengths the intolerant will go to to keep themselves pure.

An Accidental Alchemist Mystery #1 Penguin UK

In a city that could well be New York, a series of identical women are found dead in suspicious circumstances. Magazine photographer Johnny Farthing, who is reporting on the suspected murders, is chilled to discover that his fiancée looks identical to the victims too - and then she disappears. As his investigations spiral beyond his control, he finds himself at the heart of a sinister plot that uses cloning to revive the Nazi vision of a world-powerful master race... Part detective noir, part dystopic thriller, Plan for Chaos reveals the legendary science fiction novelist grappling with some of his most urgent and personal themes.

1951-1960 Michael Joseph

The Ultimate Freedom by John H. Wyndham is a compelling, true spiritual adventure story that takes place in a Japanese prison camp on Java during the Second World War. The author, a prisoner of war for three years, was first considered a spy and was about to be executed. He prayed for divine direction and was given an unexpected answer which saved his own life, changed the lives of others and even brought about amazing experiences with his captors. Many true stories have been told, such as "Unbroken," and this one is not only true, but enters a new dimension of war experience. The spiritual dimension the author had recourse to is what sets this account apart from all others. The spiritual adventure continues after the war with issues of employment and income being solved through the author's spiritual resources. The account of ANZAC Day alone will astound and move you to tears! A must-read war story!
