### Chilton's Motor Age R. R. Bowker

This one-stop guide to opening a restaurant from an accountant-turned-restaurateur shows aspiring proprietors how to succeed in the crucial first year and beyond. Ninety percent of all restaurants fail, and those that succeed happened upon that mysterious X factor, right? Wrong! A man of many hats—money-guy, restaurant owner, and restaurant consultant—Roger Fields shows how a restaurant can survive its first year and keep diners coming back for years. Featuring real-life start-up stories (including many of the author's own), this comprehensive how-to walks readers through the logistics of opening a restaurant: concept, location, menu, ambiance, staff, and, most important, profit. Updated to address current trends such as food trucks and to tackle online opportunities (and pitfalls!) including Groupon, Yelp, and Twitter, *Restaurant Success* by the Numbers remains a critical resource for navigating the food industry. Opening a restaurant isn't easy, but this realistic dreamer's guide helps set the table for lasting success.

Workman Publishing Company

The premier authority on secured transactions, *Secured Transactions: A Systems Approach* is known for its cutting-edge coverage, dynamic pedagogy, and ease of use for instructors. The *Systems Approach* gives students the big picture. Straightforward explanations and cases prepare the students to solve real-life

problems in the context of actual transactions. A modular structure allows for tremendous flexibility in course design. The materials are divided into bite-sized assignments, making it easier for instructors to make and adjust assignments for class. This problem-based casebook supports the teaching of Article 9 alone or expansion of the course to include Article 9 in the full context of bankruptcy, mortgages, judicial liens, and statutory liens. New to the 9th Edition: Updated throughout, while retaining the same structure. Highly adaptable modular text broken into assignments. Main sections can be taught in any order. New cases throughout (including the Second Circuit's landmark decision in *In re Motors Liquidation*). Problem-based approach with ethics integrated. Problems progress from easy to difficult. Professors and students will benefit from: Comprehensive Teacher's Manual with suggestions for teaching coverage, changes from the prior edition, lists of key concepts for each assignment, and the answers to every question asked in the book. The main sections can be taught in any order. Bite-sized assignments organized for 50-minute or 75-minute classes. Can support ABA-qualified experiential courses. Casebook authors who are happy to engage with adopters and include them as characters in the book. Coverage of non-Article 9 aspects of secured transactions that students will need as lawyers Default problem sets for ease of assignment; extra problems for variety from year to year. Engaging problems with interesting characters and real-world issues, providing all of the information necessary to solve the problems. A real-life

approach that prepares students for the practice of law. Clear explanations of every subject – no hiding of the ball. Basic financial literacy information included throughout the book. Focus on how lien systems actually work in practice.
