The Road to Amber Amber Limited

In the final novels of his ten-book Amber series, Roger Zelazny rewarded readers with several startling revelations about his fantasy universe. Fans discovered for the first time that Amber is not the one true world of which all others are but Shadows. Rather, the mysterious Courts of Chaos preceded the creation of Amber. It was also revealed that the mad mage Dworkin was the father of Oberon, founder of Amber's ruling dynasty, and that Dworkin's origins go further back in time than the founding of Amber itself. The Dawn of Amber is a prequel series, exploring events that precede the first novel in the series, that answers these intriguing questions. Here, in Book One, you'll meet the young soldier known as Obere as he's whisked away from the kingdom and world he

has known and defended his entire life, and placed on a knife's edge of turmoil, intrigue, domination and death. He must learn what he can on the fly, unwilling to let friend and foe alike know how little he understands of this strange universe and the dangerous creatures that rule it. His life is in jeopardy, as is the entire House of Dworkin—the result of an ages-old blood feud that threatens to destroy Obere's new-found family and any hope for a universe of light to balance and oppose the forces of Chaos and darkness. To achieve his legacy of power and become a player rather than a pawn in this deadly game whose rules he is yet to discover, Obere must journey into the serpent's lair, the home of his enemies . . . the Courts of Chaos.

From Dust, a Flame Random House Books for Young Readers
Challenging convention with the SF nonconformist Roger Zelazny combined poetic prose with fearless literary ambition to become one of the most influential science fiction writers of the 1960s. Yet many critics found his later novels underachieving and his turn to fantasy a disappointment. F. Brett Cox surveys the landscape of Zelazny's creative life and contradictions. Launched by the classic 1963 short story "A Rose for Ecclesiastes," Zelazny soon won the Hugo Award for Best Novel with ...And Call Me Conrad and two years later won again for Lord of Light. Cox looks at the author's overnight success and follows Zelazny into a period of continued formal experimentation, the commercial triumph of the Amber

sword and sorcery novels, and renewed acclaim for Hugo-winning novellas such as "Home Is the Hangman" and "24 Views of Mt. Fuji, by Hokusai." Throughout, Cox analyzes aspects of Zelazny's art, from his preference for poetically alienated protagonists to the ways his plots reflected his determined individualism. Clear-eyed and detailed, Roger Zelazny provides an up-to-date reconsideration of an often-misunderstood SF maverick. Sign of the Unicorn Ballantine Books
