BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and

examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

without overwhelming the mind, the poem Hsin-Hsin Ming, or Song of Trusting the Heart, was written in the sixth century by the third Zen patriarch of China. It is perhaps the most encompassing and profound statement of Zen awareness we have. A beautiful daily meditation guide, the book will become a year-round fixture in readers' lives. These haunting lyrics inspire a peaceful awakening that helps one see through attachments, judgments, and illusions"--To Trust a Rogue Lisa Mondello Max Edelman was just 17 when the Nazis took him from his Jewish ghetto in Poland to the first of five work camps, where his only hope of survival was to keep quiet and raise an emotional shield. After witnessing a German Shepherd kill a fellow prisoner, he developed a lifelong fear of dogs. Later beaten into

blindness by two bored guards, Max survived, buried the past, and moved on to a new life in America, becoming an X-ray technician. But when he retired, he needed help. He needed a guide dog. After a month of training, he received Calvin, a handsome, devoted chocolate Labrador retriever. Calvin guided Max safely through life, but he sensed the distance and reserve of Max's emotional shield. Calvin grew listless and lost weight. Trainers intervened—but to no avail. A few days before Calvin's inevitable reassignment, Max went for an afternoon walk. A car cut into the crosswalk, and Calvin leapt forward, saving Max's life. Max's emotional shield dissolved. Calvin sensed the change and immediately improved, guiding Max to greater openness, trust, and engagement with the world. Here is the remarkable, touching story of a man who survived

history and the dog that unlocked his heart.

WHAT'S GOD DOING IN YOUR STORY? Our kids beg us for stories at bedtime or while we drive; we gather around firepits and dinner tables to tell and retell our favorite tales—the more dramatic the better. But when it comes to our actual lives, we prefer something less sensational, even boring—sunny skies and smooth sailing, please and thank you. We want our own stories to be predictable, safe, controllable, and catastrophe-free. When plans fall apart, jobs are lost, kids wander off, doctors give bad reports, we often wonder,

"What are you doing, God? Are you sure you have this under control? It doesn't really seem like it right now." God is the master Storyteller. He's writing your story and it's a part of His bigger, grander, eternal Story. But we're still in the middle. We haven't gotten to the happy ending yet, and it can be hard to trust Him in the thick of our struggles. That's why Robert and Nancy share their own story, friends' stories, and the stories of people in the Bible who have faced life-altering challenges, but, in the end, have found God to be faithful. Learn why you really can trust God to write your story—no matter what plot twists you may encounter along the way. "This is a unique and charming book, integrating stories of God's providence from His people

and His Word. Nancy and Robert write personally and beautifully, infusing readers with a Christ-centered vision, hope, and trust for the future." -Randy Alcorn, author of *Heaven, Giving is the Good Life*, and *Deception* "You Can Trust God to Write Your Story is an amazing book whose title says it all. For if you are a follower of Jesus, every day of your life—whether you feel like it or not—is weighted with kingdom purpose, eternal significance, and a royal destiny filled with joy and contentment. Let my dear friends, Robert and Nancy, help you embrace the mysteries of the Lord's Providence. For when it comes to happy endings, you can't find a better Author than the God of the Bible. "Aanavi's story takes us into the belly of the beast in an exploration of the soul's wounding and stands eye-to-eye with the demons in an honest attempt to make a different relationship with these entities. Aanavi hones in on the entity of heroin, which is the one spirit visitor that has given him the gift of insight during this lifetime."--From the foreword by Dr. Eduardo Duran. Carl Jung spoke of pistis, the trusting heart. He said that this fundamental capacity for trust is the precursor to faith, and that without this essential quality, faith in something

greater faith in one's own process, faith in the wholeness of the psyche is impossible. For the author of this book, pistis involves the ability to trust one's own subjectivity, one's felt sense, regardless of whether it jibes with what is externally acceptable or valid, regardless of the outcome. In *The Trusting Heart*, Dr. Aanavi writes about his experience over the past twenty-plus years, both as a person in recovery and as a clinician. The book is about his exploration, his process, and his commitment to both the profoundly personal and the remarkably vast. It is about telling the stories of one's experience and committing to the integrity of one's felt truth and to following one's energetic thread wherever it might lead.
